VOL. 52—No. 109 JACKSONVILLE, ILLINOIS, TUESDAY MORNING, MAY 7, 1918 EIGHT PAGES—THREE CENTS

VESTIGATION OF AIRPLANE CONSTRUCTION

ilson Orders Probe by the Department of Justice

(By Associated Press)

WASHINGTON, May. 6.—Talk graft and mismanagement in national airplane construction gram heard for months in sen- debate and capitol lobby gos- culminated today in a presi- tial order for an investigation the department of justice. Al- st simultaneously it became wn that Major General Squier, ef signal officer and until re- tly in direct charge of army ation had demanded a military rt of inquiry.

The White House in announcing president's action made public statement saying that Howard fin, former chairman of the craft board was urging an offi- l inquiry "that reputations of ocent men may not be ruined" l that a series of letters and grams exchanged between the sident and Butson Borglum, sculptor, to whom is attribut- responsibility for statements t corruption in the expenditure funds and pro-German intrigue hindered airplane production. There also was a letter written the president today to Senator omas of Colorado, a member of senate military committee, as- ing him that every instrumen- ity of the department of justice d be used to pursue charges of honesty or malversation of any d, if Mr. Borglum's allegations found worthy of serious con- eration. Senator Thomas laid fore the president last week as- tions made to members of the mittee by the sculptor.

The exact status of Mr. Bor- m as an investigator, which un- now has been more or less of mystery to the public is cleared by the correspondence. It de- lops that after the sculptor had itten to Secretary Tumulty last vember in regard to the alleged cts in the aviation organiza- n and the desirability of having tain experts called in the presi- nt asked him to present his as. Later on January 2 he sident wrote a letter to Mr. rglum asking him to come to ashington and lay the matter fore the secretary of war and th the aid of a member of the retary's personal staff discover e facts by personal investiga- n. Borglum did this, and on bruary 1, the president sent a eliminary report from him to cretary Baker with this note:

"Here is Mr. Borglum's prelim- ary report. Is there not some e entirely disconnected from ronautics and from those who e prominent in carrying out the rplane program whom you can k to go over this thing with an biased mind and give us his ive impressions of it? There ay be something worthy of our nsideration and suggestions orthy to be adopted."

[illegible] r an exchange Borglum, the sident wrote that he had plac- the material the latter had fur- shed at the disposal of gentle- en to whom he had committed e task of making a systematic quiry into the whole aviation uation. These gentlemen were e special committee headed by Snowden Marshall of New ork whose preliminary report ceeded the recent re-organiza- n of the army aviation service d the appointment of John D. yan as director-general.

Apparently the sculptor resent- d not being allowed to carry out e inquiry himself. In response a complaint that he had not en supplied with suitable ex- rt assistance the president on pril 15 informed him that he ared he had been under a seri- s misapprehension as to his sta- s.

"I never at any time consti- ted you an official investigat- ," wrote the president. "I mere- gave you the right to look into e matter of your own motion, d I am sure the letter which the cretary of war provided you ith, he gave you with the same urpose and idea."

The president closed by express- g the hope that Mr. Borglum ould feel it his duty to turn over the official investigators any vidence in his possession. It has en reported since that the sculp- r refused to deal with the Mar- all committee.

Mr. Borglum had a conference oday with members of the senate ilitary committee and gave them list of witnesses he desires sum- oned if the committee re-opens s investigation as a result of his isclosures. He reiterated his ssertions that criminal liability ould be established. Exactly hat the Borglum charges are ever has been revealed publcly, ho they have been broadly hinted t in senate debate and freely dis- ussed in the cloak rooms. Wheth- r the senate committee will con- der them has not been determin- d but a majority opposes action nd acting Chairman Hitchcock as stated that an inquiry involv- ng possible criminal proceedings hould be conducted by the de- artment of justice. A meeting vill be held in a few days to set- le the question.

General Squier's request for a ilitary inquiry to clear up the atter so far as he and his subor- inates are concerned is before ecretary Baker and there has been no intimation of what action the secretary will take.

Mr. Baker is making a personal study of the situation. Besides such statements as Mr. Borglum has made he has before him voluminous cable correspondence with European officials as well as American officers on the other side, dealing with aircraft types and changes, the proceedings of the aircraft board as shown by its records and all other data throwing any light on the phase of the matter.

The only element of the situation not as yet in Mr. Baker's hands, so far as known is the final report of the Marshall committee which will be submitted to the president when completed. If a military court is convened, it will have authority to subpoena witnesses and also to require the production of books or other papers. Army officers prefer to have such a court instead of a congressional committee conduct the inquiry. Those involved, it is said, propose to be ably represented by counsel and to seek not only to disclose the facts in connection with aircraft production but to look into the motives of those behind the critical agitation against their work.

AMERICANS AWARDED THE CROSS OF WAR

French General Makes Awards at a Hospital Near Verdun for Gallantry Displayed in Recent German Raid on U. S. Positions.

(By Associated Press)

With the American Army in France, May 6.—By the Associated Press—One American officer and three privates were awarded the cross of war at a hospital near Verdun last evening for gallantry displayed in the recent raid by German shock troops on American positions. The awards were made by a French general who was accompanied by an American general. The soldiers decorated are:

Lieutenant Harry J. Kelly, Ottawa, Ill.

Private Dewey D. Smith, Steens Miss.

Private George A. Hopkins, Baltimore, Md.

Private Aloysius Brown, Brooklyn, N. Y.

Lieutenant Kelly and Private Brown are cited in an army order, receiving a palm with the medal. The other privates are cited in the corps order. Lieutenant Kelly and Privates Brown and Hopkins each lost a leg. Lieutenant Kelly's citation reads:

"Wounded in both legs and made prisoner by five of the enemy he bravely defended himself and escaped with the aid of a few men who had run to his assistance. Wounded again he had to spend the entire night at a trench end before it was evacuated."

Lieutenant Kelly was a reserve officer at Fort Sheridan. Private Hopkins is a Spanish-American war veteran and has a son in France. He was cited as a model of bravery.

Private Brown's citation reads: "He valiantly performed his duty during the German assault. He killed two Germans with his own hand when seven surrounded him and demanded that he surrender."

Private Smith was wounded while bravely defending his post.

The presentation took place in the ward of the hospital where the men are being treated, the medals being pinned on their pajamas.

WAS COMMANDER OF TELEGRAPH BATTALION

NEW YORK, May 6.—Major Charles G. Baird whose name appears among those who died of disease in today's casualty list, went to France in February as commander of a telegraph battalion of the national army which he organized. Later he was placed in charge of telegraph and telephone lines of American railroads in France, manned mostly by former operators of the Pennsylvania railroad. Major Baird was formerly a division operator for the Pennsylvania with which he had been employed 20 years. He was a veteran of the Spanish-American war during which he distinguished himself in Philippine campaigning. His death occurred April 28 of heart lesion, according to word received by Pennsylvania railroad officials.

COUNCIL AND CITIZENS PASS ON ORDINANCE.

A meeting of the city council and citizens water committee was held Monday afternoon at 5 o'clock at the city hall. The purpose was to consider an ordinance calling an election on the question of issuing bonds for the building of an impounding reservoir which had been prepared by City Attorney John J. Reeve. The ordinance was read and considered informally. Some slight changes were made and the ordinance will probably be presented at the regular meeting of the city council next Monday. The members of the council have manifested their earnest wish that the citizens on the committee share with them in all responsibilities and carry thru the project to the end. The ordinance will provide for this joint sharing of responsibility.

TWO WOMEN SPIES EXECUTED

Nantes, France, May 6.—Two women spies, Josephine Alvarez and Victorine Faucher, condemned to death by court martial January 25 were executed this morning.

DIES AT AGE OF 86.

Paris, May 6—Baron deMackau aged 86, for 42 years a member of the chamber of deputies is dead it is announced here.

HUNS DROP MANY GAS SHELL INTO AMERICAN LINES

15,000 Shells Composed Chiefly of Mustard Gas Sent Over

WITH THE AMERICAN FORCES on the French Front., May 6, By the Associated Press.—The Germans launched a heavy gas attack against the American troops on the Picardy front during the night. Early in the evening they sent over fifteen thousand shells composed chiefly of mustard gas, within a brief period. These shells were followed by an intense artillery fire at midnight, several hundred gas shells were dropped into the American lines.

Enemy airplanes appeared over the American lines about the same time. Anti-aircraft guns brought down one German machine and damaged another.

The extreme activity of the artillery and aviators the rifle fire and night flares and the reported movements behind the enemy lines in this sector may forecast a new attack, but General Pershing's men are ready for any emergency. They are countering the enemy preparations blow for blow keeping up a harassing artillery, rifle and machine gun fire and are actively patrolling.

The spirit of the Americans is excellent. They are eager to fight and a typical expression is:

"Let Fritz start something. He'll get all that is coming to him."

A young French captain who trained the men now in the Picardy lines told the Associated Press today he never had seen finer material.

"All are of one mind," he said, "to fight fast and hard and to finish the war quickly."

Football Star Killed.

With the American Army in France, May 6—By the Associated Press.—Lieutenant John Rosenwald, of the medical corps, who was formerly one of the best known of the western football players has been killed by shell fire in the Luneville sector.

Lieutenant Rosenwald, whose home was in Minneapolis was captain of the University of Minnesota eleven years ago and made a brilliant record. On the field of battle his record was still better. He distinguished himself two or three times during bombardments notably during the engagement in which heroic Sergeant Peterson was killed a short time ago.

Low visibility prevailed over the Luneville and Toul sectors as well as south of Verdun today, restricting operations by both sides. There was virtually no activity during the daylight hours but during the night the enemy heavily bombarded the lines in the direction of Seicheprey and those northwest of Toul while south of Verdun the Germans displayed great nervousness throwing up many flares. It has been established that the troops in that section came recently from Flanders. Along the lines near Luneville the American patrols have been active and have penetrated the enemy lines. Once more they found that the enemy had not occupied raided portions of their positions and that the town of Anservillers, with the exception of one stone house had been completely demolished by the American artillery fire. Many German dugouts under the buildings had been made useless. Prisoners captured from an observation post divulged much useful information and said that they had just come to this front from Russia.

WILL WATCH PRICES ON ICE.

High prices for ice will not be permitted, according to a state food administration order which reads as follows:

"The food administration is concerned especially that the cost of ice to those elements of the community least able to protect themselves should not be increased over last year unless absolute proof can be given by ice companies as to the necessity.

"Any increase in price over that ruling last season to the household consumer will therefore justify investigation whether it constitutes profiteering. All ice dealers should be required to file with you any proposed schedule of increased prices before they are put into effect, and no increase to the household consumer shall be made until after investigation.

"You should investigate the tendency to make unreasonably lower prices to commercial users than to domestic consumers, considering at all times cost in distribution."

INVESTIGATING DEATH OF A BABY GIRL.

Ottawa, Ill., May 6.—County and city authorities are investigating the death of a baby girl whose body was found in an empty box car here which has been traced as coming from Rockford, Ill. The baby's body, wrapped in a flour sack, was discovered by a car cleaner.

ARRESTED AS MILITARY SPIES

London, May 6.—A Reuter despatch from Tokio says Russian authorities at Irkutsk have arrested the Japanese vice consul and the president of the Japanese association as military spies

OVERSEAS CASUALTIES

(By Associatetd Press)

WASHINGTON, May 6. — The casualty list today contained eighty-eight names, divided as follows:

Killed in action, 6; died of wounds, 3; died of accident, 2; died of other causes, 1; wounded severely, 4; wounded slightly, 48; minning in action, 15.

The following officers were named:

Died of wounds, Lieutenant Joseph Quesenberry, Las Cruces, N. M.

Died of disease, Major Charles G. Baird, Richmond Hill, N. Y.

Died of accident, Lieutenants Robert P. Cross, Huntington, Mass., and Chester A. Pudrith, Detroit, Mich.

Died of other causes, Lieutenant Joseph W. Wilson, Logansport, Ind.

Wounded severely, Lieutenant Clifford R. Livingston, Merrill, Wis.

Missng in action, Lieutenant William L. Staggers, Benton, Ala.

KILLED IN ACTION.

Sergeant Albert Stefanik, Lowell, Mass.; Corporal Damase J. LaFlamme, Bristol Conn.; Privates Gustaf Erickson, Gardner, Mass.; Charles F. Wiseman, Ewing, Neb.

DIED OF WOUNDS.

Lieut. Joseph Quezenberry, Las Cruces, N. M.; Cook Chandler Waterman, Monclair, N. J.; Private Nicholas Bernadno, New Britain, Conn.

DIED OF DISEASE.

Major Charles G. Baird, Richmond Hill, N. Y.; Cook Harold P. Rodgers, St. Clair Heights, Mich.; Privates Lester Dewey Erskine, Jacksonport, Wis.; Chas. F. Hall, Attelboro, Mass.; Philip S. Lovejoy, Gaylord, Mch.; James W. Smith, Berkeley Springs, W. Vo.

DIED OF ACCIDENT.

Lieutenants Robert P. Cross, Huntington, Mass.; Chester A. Purdrith, Detroit, Mich.

DIED OTHER CAUSES.

Lieutenant Joseph W. Wilson, Logansport, Ind.

MISSING IN ACTION.

Privates Edward Bennett, Williamsburg, Ky.; Frank Bretschneider, Chicago, Ill.; Michael Defago, Roxbury, Mass.; Owen Dougherty, Chester, Pa.; Melville S. Harger, Battle Creek, Mich.; Jeremiah Lehman, Brooklyn, N. Y.; Wilfred Marques, Fall River, Mass.; Frank J. Meyer, Reading, Ohio; Clarence E. Newton, Cincinnati; Lawrence, New York; Emmit J. Prosser, Minneapolis, Kan.; James Puntilo, Newark, N. J.; Carmenile R. Pucopolo, Avon, Mass.; David L. Watkins, Glasgow, Ky.

WOUNDED SEVERELY.

Lieut. Clifford L. Livingston, Merrill, Wis.; Sergeant Roy Welgel, Los Angeles; Cook Wm. L. Pettitt Doplestown, Pa.; Mechanic Harry W. Dressler, Cincinnati.

Sergeants Royal Baters, Roxbury, Mass.; John D. Cleary, Lynn, Mass.; William P. Laffin, Brooklyn, N. Y.; Matthew C. O'Brien, Lawrence, Mass.; Clarence W. Warren, Knoxdale, Pa.; Corporals Thomas Eberingham, Roxbury, Mass.; David Dodson, Lawrence, Mass.; Walter Edwards, Philadelphia; James A. Herron, Kansas City, Kan.; Edwin E. Hight, 1019 Ash street, Davenport, Ia.; Russell P. Samuel, Medford, Mass.; Irving W. Showerman, Dowagiac, Mich.; Mechanic Edward Lalonde, Iron Mountain, Mich.; Grove C. Markley, Azilene, Kan.; Martin Shonor, Haag, Germany; Michael A. Sullivan, Boston; Richard W. Whipple, Boston; Cook George J. Mullis, Roslindale, Mass.; Privates Roy Allen, Dorchester, Mass.; G. H. Anys, Petoskey, Mich.; Ernest H. R. Appleton, Brightwood, Mass.; Fred L. Arnold, Bedford, Pa.; Kingsley Becker, South Bend, Ind.; Frederick L. Bittman, Brooklyn; William Blake, New York; Frank J. Brown, Jameson, Mo.; Robert Bruns, St. Henry, Ohio; Charles L. Carlson, Chicago; John J. Gibbons, Farmingham, Mass.; William F. Graham, North Cambridge, Mass.; Charles A. Hayes, Waltham, Mass; John J. Hoffmann, Hudson, Mass.; Carl A. Hokansen, Plymouth, Mass.; David M. Holland, Brooklyn; J. J. Joyce, Lawrence, Mass.; J. M. Keeley, Boston; F. J. Kesseler, Mahnomen, Minn.; Emil Klann, Cleveland; Mike Klecha, East Granby, Conn.; Lester C. Leach, Worcester, Mass.; Lawrence Listing, Brooklyn; A. J. McDonald, Jackman, Maine; Henry P. Nehring, Valparaiso, Ind.; Paul Peer, Dana, Ind.; A. H. Rosing, Wheatfield, Ind.; Staniforth Harris, Denver; Roymond C. Swisher, Brighton, Ia.; Charles L. Thomas, Walden, Mass.

AMERICAN PRISONERS HORRIBLY TREATED IN GERMAN PRISON CAMPS

Experiene of U. S. Prisoners Interviewed by a French Soldier Before His Escape—Are Forced to Work in Hartz Salt Mines.

With the American Army in France, May 6.—By the Associated Press—American prisoners of war are being shamefully treated in German prison camps if all have had the experience of an American interviewed by a French soldier, also a prisoner in Germany just before he escaped. The Frenchman's story, as told to American officers, follows:

"A short time before I left Hameln, Hanover, I was able to have a few minutes interview with an American soldiers who was taken prisoner several months ago on the French front and forced to work in the Hartz Salt mines.

"I don't remember the name of the man or the number of his regiment, but he had been among the first Aericans in the trenches and his home was in New York. He told me that during the three months he was in the Hartz mines he had lost 33 pounds. He was a man who was solidly built and it could be easily seen that he had been vigorous and healthy, but when I saw him he was incredibly thin and so weak that he could hardly cross a room without stopping repeatedly, leaning on pieces of furniture or supporting ihmself on boxes piled there.

"Englishmen also are badly treated in the mines. I found out that three of seven who were sent back to Hameln died. Package service does not exist in the mines and the prisoners only nourishment is thin soup made of barley or cabbage, sometimes salted cod fish eggs and those of other fish which it is impossible to eat. There are few potatoes and very little bread.

"Then men are struck with rifle butts and the flat side of bayonets and are placed in dark cells on bread and water. These cells are known to the mine prisoners as 'hot chambers' as they are heated by steam to a high temperature. After the men are held in these cells they are turned out in the snow where they are required to stand at 'attention' for a certain length of time. Needless to say, deaths are frequent."

MEXICAN BANDITS MURDER ENTIRE FAMILY.

Eagle Pass, Texas, May 6.—Mexican bandits have murdered the entire family of Frederick Hillcoat, an Englishman, living in the Santa Rosa mountains near Muzquiz, Mexico, according to a telegram received here today. Besides Hillcoat his wife, son and sister-in-law were killed.

RELIEVED OF POSITIONS

With The American Army In France, May 6.—By The Associated Press—Brigadier General David Alvard, and Brigadier ..... General A. E. Bradley chief surgeon, have been relieved of their position soon account of illhealth and are returning to America.

PURCELL RETURNS TO UNITED STATES

A PACIFIC PORT, May 6.—After being captured by Chinese bandits robbed of $125,000 and hauled thru the interior or China in a cage in which he was exhibited to the natives like a wild animal and from which he finally escaped by bribing a guard, E. J. Purcell, an American railway engineer arrived at this port today enroute from the Orient to New York. He was accompanied by his wife and three children who were in Peking during the time Purcell was held prisoner by the bandits. The engineer said he and G. A. Kyle, also an American engineer left the village of Yen Chang in the province of Honan China, on March 2 on a surveying trip. They took with them a number of Chinese assistants, 20 soldiers and carried seven large boxes of American currency totalling about $125,000.

PETERSBURG MAN AMONG WOUNDED.

The most recent list of wounded from overseas contains the name of Private Roy Collins of Petersburg. This yonug man was slightly wounded March 7 but he evidently recovered sufficiently to again get in the line for his recent injuries were more serious. Collins is an orphan and was reared on the farm of J. Donaldson near Oakford in Mason county. He enlisted in the national guard at the beginning of the trouble with Mexico and subsequently was transferred to the regular army. He went with a detachment of the army to France with Gen. Pershing last summer.

CLARENCE SANER IS ON HIS WAY

Clarence Saner who went from here to Camp Joseph E. Johnston, Fla., where he has been in the quartermaster's division of the army writes his parents that his company has been transferred to Camp Merritt, New Jersey. Saner says that members of his company expect to be assigned to various other companies upon arrival at Camp Merritt. The company received the highest honors of any company stationed at Camp Johnston and was escorted to the train by a military band. The letter was dated May 2 and was written on the train.

TO ATTEND COMMITTEE CONFERENCE.

Rev. E. B. Landis, Rev. R. B. Wilson and Rev. W. E. Spoonts, with Mr. Ensley Moore and other Presbyterians will probably be in Springfield today to attend a meeting of the presbyterial committee. The purpose of the conference is to outline the work for the year.

VISITING RELATIVES HERE.

Misses Helen and Ruth Matthews of Kansas City, Mo., are visiting Mrs. James R. Matthews and Mr. and Mrs. William Barr Brown. The Misses Matthews are daughters of Elisha Matthews, a former resident of Jacksonville.

SOLD TO NEW LONDON

New York, May 6.—Frank O'Rourke, infielder of the Brooklyn Nationals was today sold to New London Eastern League club.

WASTE MILLIONS IN CONSTRUCTION OF AIRPLANES

Charges Made by Gutzon Borglum In An Open Letter

(By Associatetd Press)

WASHINGTON, May 6.—On learning of the publication of letters and messages addressed to him by President Wilsion in connection with the air program Gutzon Borglum gave out a text of an open letter in which he expressed the hope that camouflage deliberately planned by a group of men entrusted with a great arm of our military arm has come to an end, but added that the chart of reconstruction of the aviation organization filled him with definite alarm.

Mr. Borglum said he had noticed the publicity given his correspondence with something more than a shock and that he could harly interpret is as friendly. In the course of a long letter he declared that the "aero department is full of profiteering and that hundred of millions have gone" and when he commenced his investigation from an office in the war building assigned to him his work was systematically blocked, to the extent even of threatening witnesses. He named in this connection Stanley King, assigned as an aid to his work, and asserted that Major General Squier chief of the signal corps "acted in like manner."

"Every official that I approached and from whom I had the right to receive aid and courtesy entered into a general conspiracy to deceive, to mislead and to prevent learning the truth about the aeronautic situation," the letter continued. "I don't presume to give the reason for this."

Remarking that Colonel E. A. Deeds, an army member of the aircraft board has said semi-publicity that 1,200 American planes were flying in France, the sculptor asserts that in fact today there are less than twenty planes.

"I have said the aero department is full of profiteering," the letter said, "that hundreds of millions have gone, that factories have been created where there were no factories necessary and contracts to the extent or fifty millions given to men who had neither rhyme nor reason for the romotest connection with the emergency of airplane production but who had the pull of Deeds and who still are floundering in their intelligence and competency unable and incapable of fulfilling their tasks.

"I have said that aeronautic men have been snubbed and ignored and that factories that knew the art of airplane building are even at this writing without the sligthest consideraion by the group who dealt out the collosal funds for their own purpose."

WILL BURY MRS. POTTER PALMER IN CHICAGO

SARASOTA, Fla., May 6—The funeral of Mrs. Potter Palmer who died her last night will be held from her Chicago residence. The funeral party will leave tomorrow morning. Those accompanying the body will be Adrain C., and Nathaniel Honore, brothers of Mrs. Palmer; Mrs Frederick Dent Grant, as sister; Potter Palmer, Jr., and Honore Palmer, sons and their wives; Princess Cantacuzene, a niece and her husband, Prince Cantacuzene.

Mrs. Palmer, internationally known as one of America's wealthiest business women and social leaders had been ill for about six months aitho the immediate cause of her death was given as pneumonia. About six weeks ago she went to Ney York to consult a specialist.

MEN LEAVE FOR FT. THOMAS FRIDAY

The local board of Morgan county has determined upon six of the seven men who will leave Friday for Camp Thomas. The group as chosen includes Edward H. Schaefer, Meredosia, who will be the orderly in charge of the squad; Claence Reynolds, Waverly; F. L. Floyd, Meredosia; Salvatore Russi, Jacksonville; Henry Crocker, Paris, Texas. The sixth man will be F. M. Williams of Anna, who has asked for transfer to the local board of his home county and will be sent direct, joining the other soldiers at camp. The men will get into Cincinnati early Saturday morning, where they will be met by an officer and taken by trolley to Camp Thomas.

HOUSE PASSES PENSION BILL

Washington, May 6—The house today passed a bill to restore the pension status of widows of civil war veterans who married after the death of their soldier husband and who were inadvertently deprived of their pension rights under an act of 1916. It now goes to the senate.

ENTERS RED CROSS WORK

Miss Minnie Augusta Stege, who has been night nurse at Our Savior's hospital left Monday morning for Fort Sill, Okla., to enter the Red Cross service. Miss Stege's home is in Bucyrus, Ohio.

CANADIANS HAVE TAKEN OVER MORE TRENCHES

In the Vicinity of Nieuville-Vitasse, Mercetal and Boisleaux-St. Mare In Addition to Present Trenches—Are Showing Up Good In New Quarters.

(By Associated Press)

Canadian Army Headquarters In France, May 6.—By Canadian Press, Limited—The Canadian army has taken over the trenches in the vicinity of Nieuville-Vitasse, Mercetal and Boisleux-St. Mare, in addition to its front from Hill 70 to Gavrelle.

In their new headquarters as well as north of the Scarpe they have been keeping the enemy constantly on the alert. Prominent in the operations in this area was the raid last Friday morning when the Saskatchewan troops under the cover of artillery and machine gun barrages, penetrated the enemy outpost line on a 600 yard front to a depth of 400 yards. The raid which was carried out on the Arras road north of the Cojeul river, was conducted at only light cost, but both sides of the road were marked with enemy dead. His casualties could not be less than one hundred and we captured seven prisoners and four machine guns. On the extreme right of the Canadian attack the enemy offered very little resistance but heavy fighting took place on the left. Again on the morning of April 29 a very sucessful raid was carried out by Ontario troops against enemy positions in the vicinity of Nieuville-Vitasse. They captured ten prisoners and four machine guns. The Canadians remained in the enemy lines twenty minutes inflicting numerous casualties on the foe, who, in places, offered stubborn resistance. Despite the hand fighting the Canadians returned to their lines with only nine killed or missing.

Another feature of the minor activity of the Canadian forces in this sector was the assistance rendered English troops, who had been attacked by hostile raiders. An Ontario company officer, acting on his initiative organized a counter-attack and cleared half the trench, while English forces, operating from the south completed the clearance Thrown back upon his own positions in disorder the enemy later attempted an attack in some force. It failed completely, being broken up by artillery, rifle and machine gun fire.

The new section of battle front taken over by the Canadian troop lies to the southeast of Arras and about three miles in length.

SCHOOL GIRL GIVES IMPORTANT TESTIMONY

PEORIA, Ill., May 6.—Testimony against Prof. Charles H. Kammann, former principal of the Lincoln School and former head of the local branch of the German-American alliance, on trial in the federal court on an indictment under the espionage act was given this afternoon by Cecil Wallace, a 14 year old girl who was a member of Kammann's history class up to the time he resigned from the school.

She testified Kammann told the class "they might as well say get the president as get the kaiser" and on another occasion said "the kaiser can't start the war without a vote of the reichstag."

George T. Adlington testified he heard Kammann say to a friend "we Germans have many U-boats."

John A. Read, an auctioneer testified he called Kammann over the phone and asked him where he got the information for the statement that 500,000 Germans fought for the North in the Civil War and "if it had not been for the Germans the Union would have lost."

Read testified that Kammann said "it was common knowledge and was printed in a history of the war written by Jefferson Davis."

Most of the day was spent in the selection of a jury and it was not until three o'clock that John E. Dougherty, assistant district attorney, made the opening statement for the government. Senator John Dailey of the Peoria district opened the case for the defense. More than thirty witnesses remained to be heard for the government.

TWO KILLED IN AIRPLANE ACCIDENT.

Camp Borden, Ont., May 6.—In an airplane accident here this afternoon Second Lieutenant G. A. Rufferidge of Mont Clair, N. J., and Cadet H. B. Oleary of Toronto were killed.

Mont Clair, N. J., May 6.—Lieutenant George Albert Rufferidge, son of G. P. Rufferidge was born in Cleveland, 25 years ago and came here with his parents when he was about 15 years old. He passed his examination as aviator about three weeks ago.

VERDICT OF SUICIDE.

Chicago, May 6.—A verdict of suicide while temporarily insane over the death of his wife was returned today at the inquest in the death of Edward F. (Ned) Egan, former manager of the Milwaukee Baseball Club in the American association. Egen whose home was in St Paul, Minn, was found shot to death in his room in a downtown hotel last night.

GERMANS ARE PUSHED BACK BY AUSTRALIANS

Advance Their Lines Upwards of Three-fourths of a Mile

(By Associated Press)

Australian and Canadian troops are in action on the British lines along the vital sectors of the battle front in France.

The Australians have struck the Germans near Morlancourt between the Ancres and Somme rivers, east of Amiens and have advanced their lines upward of three quarters of a mile as a result of two assaults on the Teutonic positicn.

The Canadians have appeared in the Arras sector further south than they have since the battles in this region began March 21st. This part of the line is most important as it defends Arras to the southwest and includes localities such as Neuville-Vitasse, Mercatel and Boisleaux-St. Mare, where there have been bitter struggles since the Germans launched their great offensive. American troops on the French front not far from Montdidier have been under a storm of shells for the last couple days, projectiles containing high explosives being mingled with those charged with poisonous fired into the line held by General Pershing's men. Along the rest of the front there have been no engagements for unusual character nor has the Italian front been attacked as yet by the Austrians who have assembled there.

The British forces which have been holding the town of Es-Salt, east of the Jordan and northeast of Jericho for about a week have been compelled again to abandon the place before superior forces of Turkish and German troops. The British however, are still maintaining their control of the crossings of the Jordan further south.

From the officia' reports and special dispatches filed by correspondents at the front there come intimations that heavy fighting may be resumed at any time. The fact that heavy rains are falling may have a great deal to do with the delay in the German drive but the allies hold high ground from which they can observe the German positions which are generally in the lowlands, and have kept up a heavy artillery fire in the sectors where the Germans have been assembling or have been at work in bringing up guns for the battle which is virtually certain to come. There is a feeling along the French front that the Germans may attack in the Ypres, Arras and Amiens sectors at the same time. These blows, while carried on independently would really be paases of a new attempt to cut thru the lines in the Somme sector, eliminate the Arras sector and carry the high ground to the southwest of Ypres.

It has been pointed out by observers that an attack on the Arras sector either on the apex between Arras and Lens, or on the sides of the allied lines as they stretch back from those cities must come before the Germans can hope to carry their advance in either Flanders or Picardy much further. It is reported that heavy forces are being assembled before Arras for the expected attack.

FEAR OUTBREAK BY PRO-GERMANS

Mattoon, Ill., May 6.—Fear of an outbreak by Pro-Germans resulted in a call for a meeting Wednesday of about 200 patriotic citizens for the purpose of organizing an armed home guard for "protecting the citizens and property of Effingham county."

The call for the meeting was issued today by Sheriff Martin Jakle with the consent of Governor Lowden. More than half the population of the county is declared to be of German descent and many are unnaturalized.

WILL PAY UKRAINE FOR GRAIN

Zurich, Switzerland, May 6.—Germany, according to Berlin despatches has agreed to pay Ukraine 406 marks a ton for rye and 487 marks a ton for wheat and in addition will bear the expense of collecting and transporting the grain, which will bring prices to 540 and 640 marks a ton, respectively. The fixed price of wheat and rye in Germany at present is 170 and 190 marks respectively.

WEATHER INDICATIONS AND TEMPERATURES

Illinois:—unsettled Tuesday, probably showers; Wednesday partly cloudy and cooler.

The size of the draft army should be limited only by the number required to lick Germany.

If Pershing and Haig are satisfied with Foch's strategy it is all that is needed. They know more about it that can we.

The Shah of Persia evidently recognized a good thing when he invested $100,000 in U. S. bonds.

Germans have been led to believe that they are superior people. They are fast learning that conceit may bring a fall.

Our troops are familiar with gold brick schemes and the attempt by Germans to undermine their morale on the western front will have little effect.

Congress must help win the war by speeding up their war legislation—not by windy speeches and delays.

Congress has been called on for the enactment of a great war program, asking for three million men for service abroad and to back up these men with billions of dollars to equip and maintain them. America should hurry with all the energy that is in her.

Congress should pass a law giving the death penalty for contractors or manufacturers obstructing or delaying the production of munitions as aeroplanes for the purpose of profiteering. The aeroplane muddle is an example.

The Germans are exceedingly apt in applying nicknames to their enemies. The kilted Scotchmen were at once termed the "Ladies from Hell," and the Scots liked it so well that they kept it. The American marines are now known as "Teufel hunden," devil hogs.

TOO OLD TO LIVE.

During 1917 there died in Germany 720,000 more men and women—Germans, mind you!—between the ages of fifty-nine and seventy-five than died during the year before, which in turn showed a higher mortality rate among the aged than any pre-war year.

This is no remarkable. The best food and the most of it in Germany goes to the soldiers and to the ruling classes. The aged poor live on near-food, and little of that. But the remarkable thing in connection with the above statistics is the statement made by a high German health official.

"We are glad of it," he declared. "It proves that every day the German power is increasing."

And then he goes on to explain that the abnormal death rate among the old folks reduces the number of mouths which demand food—mouths of people who can no longer fight in the trenches nor produce food or munitions at home.

"The more persons upward from fifty-five die the more invincible will become the fatherland," he added.

These old folks, be it remembered, are the ones who in their younger days bore the burden of kaiserism and militarism for years.

OHIO AND LAKE ERIE CANAL

A big party of business hustlers from Pittsburgh and vicinity are pushing the project for the building of a ship canal to connect Lake Erie with the head of the Ohio river at Pittsburgh. The project is to be given a public hearing by the House Rivers and Harbors Committee next Thursday.

The proposal for the Ohio River -Lake Erie Canal is one of long standing, but it was only at a comparatively recent date that the matter was taken up in earnest by the commercial and industrial interests that would derive most benefit from the waterway. During the past year several conferences of business organizations of Ohio, western Pennsylvania and West Virginia have been held to further the project.

The plan calls for the building of a canal large enough to accommodate lake ships or large barges from Ashtabula to Pittsburgh, a distance of about 130 miles. Its cost will run well up to $100,000,000 but it is argued that it will so reduce the cost of manufacture of steel products in the Pittsburgh district as to prove of inestimable benefit to the whole country.

SUBSCRIPTION BY CONSCRIPTION.

The question has recently been considered as to whether the raising of Government funds on loans cannot be made conscriptive, as is the raising of men by draft, as distinguished from the volunteer system. Thus far no government has tried this. Men are drafted into the Army and must serve. Industrial machines are commandeered and must contribute their output to the Government for munitions and other products. Prices are fixed on many commodities and materials, and these producers must furnish them under more or less coercion at there figures. But when it comes to raising money to carry on the war—one of the most essential parts of the whole operation—the achievement is left to the generosity, patriotism or good judgment of the people. The Financial World, which originates this proposition, suggests that conscription of money might be undertaken successfully by passing a law, that when the Secretary of the Treasury called for four or five billions, the amount would be apportioned out, taking the income-tax tabulations as a basis of the quota.

SHINING THE STARS.

Oh did you hear so loud and clear
Our golden eagle screaming,
When on the drop we scaled the top
And spoiled that Kaiser's dreaming.
Oh we know how without a row
To rouse our noble people,
To pile the mon' to lick the Hun
From cellar to the steeple.
Oh we stand by, nor question why
We're glad to be a helping
Our boys so brave across the wave
Who'll send the foe a yelping.
And billions more we have in store
If Uncle Sam is needing,
And should he call we'll give it all
To stop the waste and bleeding.
We're in the war that's raging far
Because we had to enter;
Prush made the fuss, it's up to us
To shake him to the center.
We like the chance to make him dance
And stop his blasted fooling,
And teach the dunce, forthwith, at once.
The world's not for his ruling.
And so we buy and buy and buy
And boost the sales up higher
To show the Kize that we are wise,
And send him our defyer.
Oh we are proud that we're allowed
When battlefields are gory,
To do a bit and have the grit
To shine our "stars of Glory."
—S. A. Hughes.

THE PASSING OF BERTHA HONORE PALMER.

Dispatches refer to the passing, Monday, at her winter home at Sarasota, Fla., of Mrs Potter Palmer, of Chicago.

This event took from the walks of life a woman probably most fittingly to be called the "first lady of the land." For forty years past, Mrs. Palmer had occupied as lofty a social position as an American lady might. She was a social leader of the tactfulness coming thru the blood of France, tempered by an hereditary history in old Kentucky.

If ever Mrs. Palmer failed of high ladyhood the fact was unknown to the public. Her conquest was not alone of her fellow citizens of the Great Republic, but the Old World bent in proper respect to our fair country woman almost as well known there as here.

Bertha, daughter of Henry H. Honore, of Chicago, formerly of Kentucky, was born about 185-, and became the wife of Potter Palmer, the merchant prince of Chicago, in July, 1870. She did not need the vast wealth of her husband to make her attractive or prominent; she was born so. But, with the capacity of leadership she utilized his positon and money for the greatest social career an American woman has had, leading in society, in philanthrophy and in some lines of public experience, notably as President of the board of Lady Managers of the Columbian Exposition of 1893 at Chicago.

Mrs. Palmer's beauty was notable, but many women have had beauty. She made beauty attractive Her grace was instinctive, but other women of grace, have forgotten themselves as she did not. Her hospitality was unbounded, as it might easily be, but whose could be broader? Her mind was good, as has been that of many a woman, but it did not fail her. Her love for her church, the Episcopal, was of her life, and what could be finer? She gave to her husband two splendid sons—what is higher than motherhood, except religion.

They will bring her beautiful remains to her palatial home, they will carry them out and place them beside her husband's. And Lake Michigan will murmur its sob for the woman who is asleep!

RIPPLING RHYMS
By Walt Mason

Small Beginnings.

Large oaks from little acorns grow, the wise man said, long long ago. Oh, he had lived and loved and learned, and ere he to the dust returned, he summed up all the things he knew—and he had learned a fact or two—and sprung them in the form you know: "Large oaks from little acorns grow." One day the news from France was vile; the Teuts advanced, mile after mile; it seemed they would win the scrap, and back the allies off the map. And scores of men with arctic feet were standing on the village street; their whole appearance was a frost; they said that everything was lost. "The Teuts have won", they said to me; "they'll march right onward to the sea, and ere they stop their sinful games they'll bombard Windsor and St. James. We might as we'll take in our sign, and spend the future shedding brine." I said to them, "Oh, morbid owls, cease putting up such doleful howls! There's nothing lost till Pershing wires that he has busted all his tires." A few brisk words I threw around, their pessimism to confound; 'twas all they needed, and they rose and bet ten bones we'd whip the foes. A few bright words in season sprung will oft relieve the withers wrung by fear and hopelessness and woe; large oaks from little acorns grow.

OILING WORK TO BEGIN ON SOUTH ROAD

State Engineers Here to Superintend Work—W. H. Cocking Has Oil Supply Here.

Kenneth Evans, engineer for the state highway department, is here to direct the work in connection with the oiling of the South Main street road, from the limit of South Jacksonville to a point beyond Woodson. W. H. Cocking has the contract for the oiling and said yesterday that the oil is here ready for application. Some additional dragging and a little grading is necessary on the south road before the oil is applied and Mr. Evans said yesterday that the rain was very opportune on this account as this work could not be done until the ground had been softened.

Following the rains last week the ground became very hard because of the wind and sunshine and dragging was without results. Mr. Evans is expecting that Mr. Cocking will push the oiling work rapidly so that the south road will speedily be in fine condition. Representatives of the highway department after examining the Chapin road decided that oiling was needed only from the city limits west to Gravel Springs and this work will also be done by Mr. Cocking. The reason for not oiling any greater distance is that two coats of oil were applied last year to this road from Gravel Springs west but only one coat on the east part of the roadway. While the state department is not authorizing any new work this year, it is the purpose to keep roads already improved in condition so that the money previously spent will not be wasted.

In this connection it is interesting to note that Mr. Evans is soon to leave the service of the department and will go to officers' training camp for which he has recently received a commission. He said yesterday that there are very few men now left in the highway department as nearly all of them have enlisted in some line or other for war service. Mr. Cocking also has the contract for oiling the proposed road west from the point where the state highway improvements were made the past year. The highway commissioners have arranged for oiling clear to the west county line.

BUYS PAIGE COUPE

L. F. O'Donnell has sold to George Orear a Paige coupe, six-55.

KNIGHTS OF COLUMBUS SELL MANY BONDS.

That the work of the committee of Jacksonville council No. 869, Knights of Columbus, in selling Liberty bonds is effective is well proven by the total. The committee which had the work in charge sold bonds to the value of $22,500 among members of the council. A permanent committee has been appointed to solicit subscriptions for any future issues of bonds and it is also the intention of the council to aid in the sale of Thrift stamps and War Savings stamps thruout the year. The spirit of this committee well represents that of the membership and continued interest in all war activities is promised.

"WANTED" AT ONCE
Two or three first class mechanics.
C. N. PRIEST,
The Ford Man.

YARN RECEIVED FOR RED CROSS QUOTA.

Yarn for the quota of 1200 sweaters to be completed by Morgan county knitters within the next six weeks has been received at the Red Cross shop and can be had any afternoon from 2 to 5 o'clock. Directions can also be had at the shop. Morgan county knitters have responded so splendidly in the past that the committee feels assured that this new quota will be met in the spirit which has made possible the shipment of more than 3,000 sweaters, more than 2600 pairs of socks, besides large quantities of wristlets, helmets and mufflers, from this chapter since the first of last September.

The Grand Laundry offers any boy or girl an opportunity to earn Thrift Stamps by calling at our office, registering your name and getting a card which will tell you the condition to which you are entitled to Thrift Stamps.

PROBATE COURT.

In the probate court yesterday final report in the estate of G. A. Miner was approved.

In the estate of Mabel Hayden, the final report was approved.

Like order was entered in the following estates: Alfred P. Hatcher, S. W. Black, James H. Martin and Meriam Wray.

In the estate of Felix G. Ray, petition to sell real estate to pay debts was allowed.

"WANTED" AT ONCE
Two or three first class mechanics.

DR. MILLER WILL GIVE GRADUATING ADDRESS

Will Deliver Address to Graduating Class of High School—Bids Received for Clearing Away High School Ruins—Matter of Selecting Teachers Deferred.

The board of education had an important meeting last night. Hereafter all bills must be in by the 20th to be acted on at next meeting; the name of the open air school is changed to the Josephine Milligan school; Dr. R. M. Miller of Chicago will make the commencement address. Fifty boys have left high school for farm work. Bids for removing ruins were opened and not acted on. Adjourned to meet in one week when teachers are to be named for the coming year.

The proceedings.

The board met in regular session with all members present, President J. P. Lippincott in the chair. The minutes of past meetings were read and approved. Bills for $1760.32 and payroll, $7,-125.20 were approved. The suggestion was made that the finance committee had insufficient time properly to examine bills brought in the last few days before the meeting and it was made a rule that hereafter all bills to be acted on at the next regular meeting must be in the hands of the secretary by the 20th of the month.

The building and grounds committee reported between $45,000 and $50,000 received on the insurance on the high school building.

Member Black read the following:

Mr. Chairman and Members of the Board of Education:

I would like to mention a matter which I have had on my mind for several months. It relates to the "Open Air School." It has been suggested by several that this School should be renamed and that its name should not imply directly any idea of health or sickness. Some have objected to the present name because it is too suggestive of tuberculosis and its treatment. I wish to raise the question for your consideration as to whether or not a less suggestive name and yet one which carries with it a real meaning would not be desirable. In fact I would like to suggest a name which I believe would be acceptable from all points of view and at the same time would be a just recognition of many years of invaluable service to this community. We have a citizen in Jacksonville who has devoted a considerable portion of a busy and successful life to the problems of tuberculosis—a citizen who has made the public interest a personal interest in the whole matter of better care and better treatment of those who have become or may become afflicted with tuberculosis,—a person who has steadfastly been a friend of those who are suffering from the physical and mental results of tuberculosis. It has been fortunate for this community to have such a person in its midst and it has been especially fortunate for those afflicted with this prevalent and dreadful disease. In consideration of these facts I ask you the question: Would it not be appropriate and at the same time a just recognition of such services to rename the Open Air School and call it "The Josephine Milligan School."

Dr. Milligan was the first woman of our city and one of the first in our state to lay aside her personal interests and give her services to her country in the care and treatment of tuberculosis in France. She is now in that battle scarred sister republic doing her "bit" in the cause of liberty humanity and the amelioration of human suffering. Therefore such an action on the part of the Board of Education will accomplish a two fold purpose—give our "Open Air School" a name which will not carry with it the suggestion of disease and at the same time, in a community way, recognize and do honor to the qualities of patriotism and altruism so beautifully exemplified in the career of Dr. Josephine Milligan, a citizen of whom everyone in justly proud.

Mr. Chairman and members of the Baard of Education:

In consideration of the foregoing statement of facts and in behalf of the "Open Air School" Committee, I wish to present the following resolution:

Whereas—It is deemed desirable to have a name for the Open Air School which does not carry with it the suggestion of disease and its treatment, and

Whereas—We have a citizen justly distinguished for her achievements in the profession of medicine and for her untiring efforts in benalf of the early recognition and the better care and treatment of those who are so unfortunate as to be afflicted with tuberculosis, and

Whereas—It is the desire of the Board of Education in behalf of the public to make due recognition of her notable services in promoting the establishment of a special school for children physically below par on account of disease or development, and

Whereas—It is especially fitting at this time that the public should express in some permanent way their appreciation of her self sacrificing devotion to humanity and patriotism to her country by going to France in the present crisis and enlisting in the service of the Red Cross to care for the tuberculosis; therefore be it

Resolved—That from this date forward our open air school shall bear the name of "The Josephine Milligan School" and that all of the records and entries of the Board of Education relating to said school shall designate such school, buildings, premises, teaching corps, etc. as "The Josephine Milligan School," and be it further

Resolved—That if said school is removed to another site or rebuilt on the present site or on another site it shall still bear the name of "The Josephine Milligan School."

Adopted unanimously.

Supt. Perrin reported $160 more tuition for last year collected.

Principal Callihan had been called to Galesburg by the sudden death of the city superintendent of schools of that city and would be away a few days and the superintendent would do his best to fill the place of the principal while absent.

Supt Perrin reported that some fifty boys who had taken the agricultural course had left school to work on farms as needed and it was a gratifying fact that some sixty more would continue to the end of the school year before going to the country to work as it seemed their services were not immediately needed and it was well for them to keep on studying.

Dr. Ray Morris Miller of Chicago, a man eminently qualified for the undertaking, had been secured for the high school commencement address.

The committee on the patriotic parade decoration day had invited the schools to participate and it was decided to supply the marching children with flags. The superintendent was instructed to attend to this matter with power to act.

The committee on question of teaching Spanish in the schools asked for more time. Granted.

The committee on teachers was not ready to report itll after the election Saturday as the result of that election would make some changes if the community plan carried and the matter of employment of teachers was deferred till next Monday evening.

A rule was adopted that teachers shall not resign when appointed for the school year; removals are with the board.

Supt. Perrin read a letter from the University of Chicago inviting to a conference there the 9th and 10th of this month some person from this school and the gentleman was appointed with power to name a substitute, expenses paid by the board. If the high school affiliates with this movement then teachers taking a summer course there get reduced rates of tuition.

A letter of sympathy was ordered sent Miss Maud Brown over the death of her sister.

Miss Lusk was reported at her duties again

The matter of truants was brought up. While there are not many there are several and it is mainly due to indifference on the part of parents and should have attention. One case in particular is that of little "Buster" Mahoney. He is now in charge of the juvenile court. Something must be done to keep him from the streets.

It was voted to pay the Gravel Springs company $39.50 for water bottles destroyed in the great fire.

Bids for removing the ruins of the high school building were called for. The secretary said Otis Hoffman and George Nunes had handed in bids at 12:30 p. m., supposing that the same custom as prevails in courts of the justices of the peace would prevail, twelve till its one, but the board by vote ruled that as it had been advertised for three weeks that the birds were to be in by twelve, noon, it would not be fair to receive these.

The bids were for the three conditions:

No. 1. The bidder to remove everything and have all material except that pertaining to the boilers and the boilers.

No. 2. The bidder to turn over to the board all iron and steel material and clean and pile good brick on David Prince lot, boilers and material pertaining to them excepted.

No. 3. Bidder to do the same as No. 2 and remove all walks and material on the grounds.

Bids were as follows:

J. M. Vascancellos: No. 1, $3147; No. 2, $3547; No. 3, $4267. All done by Aug. 12th.

J. W. Baptist: No. 1, $4700, done by July 1st; No. 2, $5470, done by July 10th; No. 3, $5910, done by July 10th.

W. H. Cocking for Cocking Cement Co.: No. 1, $4400, done by July 15th. $4.00 per 1000 for cleaning brick.

Simeon Fernandes & Sons: No. 1, $4500; No. 2, $5500; No. 3, $5800, all done by Aug. 1st.

The matter was referred to the buildings and grounds committee to be considered and reported at the adjourned meeting, May 13th, due allowance in time to be made for the week's delay.

Adjourned.

Officers' Reports.

Supt. Perrin reported: first column yearly enrollment; second daily attendance; third, number tardy for April; fourth, visits of parents; fifth, perfect attendance for April:

High school: 413, 380, 36, 8, 125.

David Prince: 314, 254, 3, 28, 106.

Jefferson school: 305, 233, 19, 11, 58.

Lafayette: 252, 204, 11, 31, 58.

Franklin: 255, 186, 7, 1, 44.

Washington: 336, 296, 1, 44, 82.

Morton: 137, 110, 2, 14, 24.

Independence: 32, 28, 2, 2, 18.

Open Air: 51, 30, 6, 11, 2.

Totals: 2195, 1761, 85, 150, 522.

The truant officer reported:

Absences for the month, 101; visits to parents, 88; to schools, 18; real truants, 11; causes of absence: work, 12; lack of clothes 22; reported to juvenile court, 8; not found, 12.

Health officer: School visits, 39; co-operative agencies, 21; to officers, 11; for supplies, 13; Causes of illness: eyes, 2; chicken pox, 5; German measles, 7; suspected contagious disease, 8; others, 32. Inspected 283; pediculi, 4; contacts, 5; eruption, 18; suspect mumps, 7; pink eye, 5.

OUTDOOR ADVERTISING TO BE USED IN STAMP DRIVE

The committee in charge of the sale of War Savings and Thrift Stamps has planned an active campaign of outdoor advertising to further the cause. Vorce Bassett is in charge of this feature of the work. It is the purpose to use two store windows in some block on the square each week for this purpose. Under this arrangement the campaign will run probably two months. The merchants have generously donated the space and William Benson and Lloyd Caywood have donated their services in writing the signs. It is expected that this will prove one of the best and most effective features of advertising in the War Savings and Thrift Stamp campaign.

A great assortment to choose from. Trimmed or untrimmed hats at special reduction in price today.
Floreth Co.

LOCAL EAGLES RETURN FROM SPRINGFIELD.

Several members of Jacksonville Aerie No. 509 F. O. E. attended the Flag service dedication ceremonies held in Chatterton Opera house Sunday. The principal address was made by Grand Worthy President Carl G. Winter of Indianapolis. Dr. Winter spoke of the great cruelty of the Prussians in the present war, and of 19,000 Eagles now in the service of Uncle Sam, of which 48 have already given their lives for our beloved country. The Fraternal Order of Eagles has already in reserve $320,000 to pay the relatives of those who die in service. $48,000 having been paid already.

If you are looking for late style hat for small price come to our trimmed hat sale today. Floreth Co.

WILL MEET FRIDAY.

The Fine Point club will meet with Mrs. William Barr Brown Friday afternoon at 2:30. The ladies bring needle work and knitting.

The Ladies Foreign Missionary Society of Point church will hold their club meeting at the home of Mrs. Hilton Middleton Thursday afternoon at 2:30. Everyone is cordially invited.

Dr. Joseph Tormey has gone to South Dakota and Dr. F. C. Noyes who is located in Kopperl Building will have the books of the Dental Society and act as secretary till Dr. Tormey's return, which will be late in the summer.

Mr. and Mrs. Robert Wood of Waverly were up to the city yesterday. Mr Wood is improving but the carbuncle on his neck is yet a very sore spot tho he looks forward to early recovery.

Misses Helen Leach, Ima Gibbs and Sarah Reese returned Monday evening from Springfield where they attended a house party Saturday evening given by Miss Gwendolen Smith. They report a very pleasant trip

Mitchell Zachary made a trip to the Illinois river by way of Bluffs yesterday. He found the roads fair till he struck the sand and then straw placed on the highway by liberal minded persons made locomotion possible.

FEMALE GERMAN ALIENS TO REGISTER

New Law Provides for Securing Additional Data — Instructions Received by Police Department.

It is the duty now of the department of justice to provide for registration of female German aliens and instructions covering this matter have been sent to the police department of this city. A number of weeks ago the work of registering the male German aliens was carried on by the police department and the following communication just received gives acknowledgment of the work done and indicates what is now desired.

I have the honor to express to you my appreciation of the effective assistance which you and your Police Department rendered in the recent registration of the male German aliens, and to inform you that I am calling upon you again to render thru your Police Department a further service to the country in the present emergency in the work of the registration of the female German aliens. This registration is about to be undertaken by the Department of Justice under the President's Proclamation dated April 19, 1918, whereby Regulations 19 and 20 of the President's Proclamation of November 16, 1917 in respect to the registration of male German aliens, are extended to female German aliens by virtue of the authority conferred upon the President by the amendment of Sec. 4067 United States Revised Statutes by Act of Congress approved April 16, 1918.

The plan of the registration of the German alien women, who are estimated to be about the same in number as the German alien males, will be substantially that followed in the registration of German males. I feel that the registration of such persons in your city can, in this instance as in the registration of German males, be most effectively and promptly carried out by your Police Department.

The Department of Justice will furnish all the necessary affidavits, cards and other forms, and issue instructions for the work.

I am relying upon your wholehearted co-operation in the performance of this additional service to the country in the war, and I trust to hear from you at your very earliest convenience that you have instructed your Police Department to administer the details of the registration of the German alien women under the general supervision and direction of the Department of Justice.

Respectfully,
T. W. Gregory,
Attorney General.

SOME LINES TO THE KAISER

Mr. and Mrs. P. E. Alexander recently received word from their son, G. S. Alexander, that he has arrived safely in france. He enlisted in Minnesota and was first sent to a camp in the east and then overseas. In a letter to his parents the young man sends the following very strikng lines, dedicated to the kaiser:

Let Him Live.

As long as flowers their perfume Give
So long I'd let the kaiser live—
Live and live for a hundred years
With nothing to drink but Belgian tears,
With nothing to quench his awful thirst
But the salted brine of a Scotchman's curse.
I would let him live on a dinner each day,
Served with silver on a golden tray,
Served with things both dainty and sweet,
Served with anything but things to eat.
And I'd make him a bed of silver sheen,
With costly linens to lie between,
With covers of down and fillets of lace
And downy pillows piled in place,
Yet when to its comforts he would yield,
It should smell of rots of the battlefield.
And blood and bones and the brains of men
Should cover him, smother him and then
His pillows should cling with the molding clay,
From the grave of a soldier boy.
And while God's stars their vigil keep
And while the waves the white sand sweeps,
He should never, never sleep.
And thru all the days, thru all theyears,
There should be an anthem in his ears,
Ringing and singing and never done,
From the edge of the light to the set of sun.
Moaning and moaning and moaning wild,
An armless, eyeless, Belgian child.
And I would build him a castle by the sea.
As lovely a castle as ever could be,
Laden with water cold and sweet,
Laden with everything good to eat
Yet scarce does he touch the silver sands,
Scarce may he reach out his eager hands,
Then a hot and hellish shell
Should change his heaven into hell
And tho he'd watch on a wave swept shore,
Our Lusitania should rise no more.
In no-man-lands where brave men fell,
I'd start the kaiser a private Hell.
I'd jab him, stab him, give him gas,
In every wound I'd pour ground glass,
I'd march him out where the brave boys died,
Out past the boys he crucified.
In the fearful gloom of his living tomb,
I'd make him sing in a stirring manner,
The wonderful words of the "Star Spangled Banner."

WILLIAM SPENCER MET INSTANT DEATH

WELL KNOWN CITIZEN STRUCK BY SOUTH MAIN CAR SUNDAY.

Jury Exonerates Motorman Linderman — Makes Recommendations About Operation of Cars at Anna and South Main Streets—Coroner's Verdict Given in Full.

While the coroner's jury enquiring into the death of William Spencer, who was killed by a street car on the South Main street line Sunday, returned a verdict exonerating Motorman Linderman and saying that death was accidental, it recommended that steps be taken to make cars, both north and south, come to a full stop at the Anna street intersection with South Main street.

William Spencer, Sr., a well known resident of the city was struck and instantly killed by a south bound car just south of Anna street at 12:30 o'clock Sunday afternoon. The car was in charge of Motorman Linderman.

The remains were taken to the undertaking parlors of W. W. Gillham and Coroner Rose empanelled a jury and set the hour of the inquest at 7:30 o'clock Monday evening. However, there were so many witnesses and others interested in the case that adjournment was taken to the circuit court room.

The testimony of a large number of witnesses was heard. Attorney W. N. Hairgrove was present representing the Spencer family. State's Attorney Robinson was present representing the state and Bellatti, Bellatti and Moriarty as attorneys for the railway company.

Court Reporter H. W. English took the testimony for Coroner Rose and Mrs. Glenn Skinner the testimony for the railway company. The taking of testimony was not finished until nearly 11 o'clock. After that the jury deliberated until midnight before a verdict was reached.

The full text of the verdict follows:

TEXT OF VERDICT

In the matter of the inquisition on the body of William S. Spencer deceased, held at Jacksonville, Ill., on the 6th day of May, A. D., 1918, we, the undersigned, jurors, sworn to inquire of the death of William S. Spencer, on oath do find that he came to his death by being accidentally struck by street car No. 34 of the Jacksonville Railway & Light Co., which left the public square in Jacksonville, Ill., southbound near the Anna street crossing on S. Main St., Jacksonville, Ill. at 12:30 p. m. on Sunday, May 5, 1918, and being thereby thrown upon a pile of paving brick at the side of the car track of said street railway. We find that the motorman in charge of the said car was in no wise to blame for the accident.

We find that the leaving of the piles of paving brick in their present location has constituted, and does constitute a menace to public safety, and we recommend that the proper authorities take immediate action to have same removed without further delay, also;

We find that the running of the cars of the above mentioned street railway company at their usual rate of speed past the Anna street crossing is dangerous and recommend that the said company shall cause all of its cars both northbound and southbound, to come to a full stop at the near side of said crossing.

E. F. Johnston, Foreman.
Clyde C. Hembrough
Charles Blesse
John H. Zell
C. J. Rataichak
Allen Stewart, Clerk.

THE MOTORMAN'S STORY

The testimony of Otto Linderman, the motorman in charge of the car, was perhaps the most definite. Mr. Linderman testified that he had applied the power to the car at College street and had shut it off before reaching Anna street.

This was explained by Mr. Linderman as being customary as all cars are allowed to coast down the grade to Anna street of their own momentum. Just before reaching Anna street he saw Mr. Spencer come out of Anna street and turn south. He was walking about the middle of the pavement between the west side of the car track and the curbing.

Motorman Linderman said that he used his brake partially and sounded the gong. Mr. Spncer, according to the witness turned and looked at the car. He then continued on south to the west side of the track. Mr. Linderman said thinking that Mr. Spencer had heard the gong and was out of danger applied the power again. Just as the car got within about fifteen feet of Mr. Spencer he aparently decided to get across the track to the east side of the street.

Evidently Mr. Spencer misjudged the speed at which the car was going as he was struck just as he got to the east of the center of the track. Linderman said he applied the brakes but was unable to stop the car in time to prevent it from striking Mr. Spencer. The car ran, according to Linderman about 30 feet after it struck him.

OTHER WITNESSES

The testimony of Mrs. Frank Matthews, Miss Augusta Carlson, Thomas Duffner, J. R. Hastings, W. L. Linn, W. E. Hall, W. E. Bentley, Mr. and Mrs. Eugene Keefe, William E. Fitzgerald, Mary Mitchell, Leta Weigand, Jack Bush and Mrs. Laura Large was heard.

Most of these people were on the car and did not see Mr. Spencer struck. All of them testified that the car was traveling at a high rate of speed. The testimony of Mrs. Laura Large who resides on South Main street was perhaps of more interest than any aside from that of Linderman.

Mrs. Large was sitting on the porch of her residence at the time of the accident. She saw Mr. Spencer walking in the street and saw him when he started across the tracks. Mrs. Large was of the opinion that the car was traveling at a high rate of speed. According to her testimony it appeared that some boit or something on the front of the car or the step caught in Mr. Spencer's clothing and held him. His head struck the bricks piled along the tracks for some distance before he was finally released and thrown to the side of the rails.

Mr. Spencer's leg and arm were broken and there was a large scalp wound in the top of his head. It is probable that there were also internal injuries. Dr. Weirich was driving home and was near the scene and was one of the first to reach Mr. Spencer. He made an examination and stated that death was instantaneous. Any one of the several visible injuries probably would have caused death and there must have also been internal injuries.

MR. SPENCER LONG TIME RESIDENT

William Spencer was a native of England having been born in Woodhouse May 17, 1840. He came to this country early in life and had been a resident of this city since 1861.

He was united in marriage in this city November 21, 1865 to Miss Elizabeth Humphrey. To this union ten children were born two of whom with the widow survive. William Spencer, Jr., and Miss Lennie B. Spencer both of this city.

Mr. Spencer enlisted in Co. A, 10th Ill's Infantry in 1861 and served to the close of the war. He was in all of the important battles in the campaign from Atlanta to the sea and on thru the Carolinas and took part in the grand review in Washington. He was a consistent member of Centenary church and was, with a citizen whose long record of useful service coupled with [illegible] living made him a credit to the community.

Funeral services will be held from the residence 1327 South East street Wednesday afternoon at 2:30 o'clock in charge of the Rev. W. R. Leslie. The members of Mart Starr Post G. A. R. will attend the funeral in a body and will have charge of the services at the grave. Burial will be in Jacksonville cemetery.

COURT OF HONOR MEETING.

Athens Court of Honor No. 30 held its regular meeting Monday evening. After the routine business had been transacted a number of candidates were initiated. The lodge voted to take part in the Memorial day parade. It also voted to purchase $166.09 worth of War Savings stamps A social hour followed and refreshments were served

WON AN AUTO

Terre Haute Tribune: Mrs. Isaac Powers, 1535 South Centre street, won the Pierce Arrow auto offered during the White Elephant sale held last week. Mrs. Powers stated that she intended to dispose of the car and donate one-half of the proceeds to the Red Cross and one-half to some of the other various funds devoted to war purposes.

Mrs. Powers is well known here and her generous act will not surprise her friends.

WILL HOLD PRECINCT MEETINGS.

A patriotic campaign thruout Morgan county will begin tonight with a meeting at the cemetery church in Arcadia. Charles B. Graff and Thomas Hopper, together with the captain of the Salvation Army, will be the speakers. A delegation will also go to Waverly for a meeting there tonight. Wednesday night speakers will be sent to Prentice for a patriotic gathering and on Thursday night they will go to Franklin. Rev. W. E. Spoonts, who is arranging the general campaign, will have precinct meetings in every part of the county where the members of the general committee so desire.

MEETING POSTPONED.

The May meeting of the Mound Woman's club with Mrs. Harry Kilner will be postponed until May 24.

HAVE NEW SIGN

The New Pacific hotel management have an attractive sign painted on one of the large plate glass windows announcing the fact that the hotel is observing all food regulations and is a member of the U. S. Food Administration.

NOTICE TO ATTORNEYS.

Members of the Morgan county bar are requested to meet Wednesday morning at 10 o'clock to set the docket for the first week of the May term of the circuit court.

Charles W. Boston, Circuit Clerk.

LICENSED TO MARRY.

Homer E. Carson, Peoria; Margaret Rice, Peoria.

Walter N. Bozarth, Deshler, Neb., Edith A Ticknor, Jacksonville.

George D. Bailey and L. F. O'Donnell have returned from Chicago, driving thru cars for Mr. O'Donnell's trade.

GERMAN OFFICER MADE SECRET VISIT TO U. S.

Editor of Toronto Globe Tells Story of Visit of Gen. von Bernhardi in 1913—Spied Out Land from San Francisco to New York—Warned German-Americans of Coming War.

"The North American Idea" is the title of the Cole lectures for 1917 delivered before Vanderbilt University by James A. McDonald, editor of the Toronto Globe, Canada's greatest daily. The famous Canadian editor enjoys an established and justly earned reputation as one of the most eloquent platform men on the North American continent. "He is a publicist and an orator, in the highest use of those terms, honored on two continents." In the above volume Dr. McDonald tells the story of the secret visit of Gen. von Bernhardi to the U. S. in 1913.

Dr. F. B. Madden used this narrative in his sermon Sunday morning at Grace chruch just as Dr. McDonald wrote it. Dr. Madden said: "It is another reason why every loyal citizen should support this government and the allies in this most crucial hour of the world war against Prussian autocracy. It clearly establishes the fact that Germany deliberately planned the war, shows her doctrine of military ethics, her diabolical intrigue and her heartless brutality. It is also proof of the folly of allowing to exist in the U. S. secret organizations and schools in which the language and literature, ideals and patriotism, of any foreign nation are taught. Anything that tends to breed and nurture the hyphenated citizens deserves no place on this American continent."

A SECRET VISITOR TO THE U. S.

"Within the past year or two a great deal of light has been thrown on the Pan-German program in the U. S., and the public mind is much more sensitive to the significant facts of Germany's intrigues in this republic. Since coming to the south I was not a little interested to learn that, even to leaders of public opinion on the press and in public office, it was unknown that the most notorious officer of the general staff of the German empire was a secret visitor to the American republic in 1913, that he spied out the land from San Francisco to New York, that he was the authorized go-between from the war-lords in Berlin to the German-Americans in the U. S., that in confidence he warned them of the plan of campaign laid down by the German general staff for the opening and the prosecuting of the war, this world war, which, he told them, the year before it broke, was both certain and imminent. The fact of that secret visit of General von Bernhardi to the U. S., the program of it, and its meaning in the light of subsequent events, were told to me by one of the two Americans who knew these facts at first hand from Bernhardi himself—Dr. David Starr Jordan, the chancellor of Leland Stanford university, California.

"It was in September 1914, that I met Dr. Jordan in Boston. He had just arrived from London, on his return trip from Europe and the Balkans, after an absence from the U. S. of a year and four months. There in the office of the world peace foundation, of which both of us were directors, he told the story of his meeting in May, 1913, with von Bernhardi in the German consulate in San Francisco, at a private gathering of German-Americans invited by the German consul. Not only had the story never been published, but it was so amazing and so significant that I asked him to write out what he could remember of Bernhardi's address, that I might publish it if I saw fit. He wrote nearly a dozen foolscap pages. On November 26, 1914, I published in The Globe the following paragraphs from Chancellor Jordan's manuscript:

DR. JORDAN'S STATEMENT

"'I met von Bernhardi in San Francisco and heard him give an address on May 26, 1913, just as I was leaving for Europe on a tour of Germany, the Balkans and Australia. The invitation was from the German consul in San Francisco. It was on the official paper of the consul's office. The gathering was composed of about three hundred persons, all Germans except one other American and myself. The consul presided and the meeting was semi-official, but private. So far as I know there was no reporter present and no report was published. I would not have known that the German cavalry general was in America excxept for this meeting. He went to Los Angeles for a similar gathering, then to St. Louis and eastern centers of German population. I understood that he came over from Japan.

"'Bernhardi's mission was to Germans in America. His very evident purpose was to neutralize the policy of good-will among the nationalities represented in our population, to counteract the work for international peace, to prepare the Germans for the coming war, which he said was both inevitable and near, and to convince them that Germany's idea of war is righteous, and that this particular war was thoroly well planned and would be carried out to the greatness and glory of the German empire.

DECLARED LAW IS MAKESHIFT

"'Very unmistakable were his references to the planned march thru Belgium and the taking of Paris. He did not mince matters. Questions of morals, of international treaties, of national rights, he brushed aside. "Law," he said, "is a makeshift; the reality is force. Law is for weaklings; force is for strong men and strong nations."

"'Perhaps his chief purpose was to advise Germans in the U. S. that Britain, not France, is in Germany's way, that Britain would soon be reached, and reached by Germany's war.

"'Bernhardi's address was a little more unreserved, more brutally frank, than his book. His work was part of the campaign to organize German opinion in the U. S., and to separate it from American opinion. That campaign was begun here fifteen years ago by Prof. Karl Lamprecht, only much more openly. Its note was struck by Gen. Keim in Germany, who preached the doctrine of Faith, Hope and Hate. Belgium was to be invaded for the purpose of securing Antwerp and other naval bases from which to strike Britain.

SPOKE FOR GENERAL STAFF

"'When I heard Bernhardi I thought his words were those of the war-mad militarists. When I was in Germany last August, and saw his plan of campaign adopted by the German army, I knew that he spoke for the general staff, and that they are all victims of the same madness.'"

"The publication of that statement from Dr. David Starr Jordan was the occasion of much comment. At first pro-Germans denied the authenticity of the report. Failing in that, they repudiated the reliability of Gen. von Bernhardi and his right to speak for the authorities in Germany. But it was afterwards known that his mission had the approval of the imperial authorities at Berlin, and for his services on that mission he was honored by the kaiser, and, since war began, he was appointed to a higher and more responsible post.

TRAVELED WITHOUT PUBLICITY

"What gave von Bernhardi's world tour and his statements permanent interest is the fact that he was not only authorized by the imperial authorities, but that he was himself received and his plans and purposes were promoted, by the German consuls in the U. S. He traveled from place to place without publicity. The fact of his visit to the Pacific coast became public only thru Dr. Jordan's chance account of it after the war, which he foretold, had actually begun. His visit to the German ambassador was never made public. That he was in Egypt in February 1912 and subsequently in Singapore and elsewhere in the Orient, became known in America only by accident. Everywhere secrecy was maintained. Everywhere the German mind was secretly prepared for the coming of the war. On a later occasion Dr. Jordan made to me this statement 'I read "Germany and the next war" before I met the author. I said then that if Germany really accepted Bernhardi's views, Europe would have to crush it out like a nest of snakes. Germany did accept those views, and now there can be no peace or safety until the snakes, and the whole system that produced them, are utterly crushed out.'"

BIRTH RECORD

Born to Mr. and Mrs. James McGinnis, of 502 East College street Saturday morning, a daughter.

WITH THE SICK

Alfred T. Capps, Jr., who has been a patient at Passavant hospital for the past seven weeks is reported improving in a satisfactory manner which will be welcome news to his many friends.

Mrs. Albert Duckett who has been ill is still confined to her room on Sandusky street.

WOMEN'S REGISTRATION CARDS NOW LISTED

The registration of the women of Morgan county under direction of the Woman's Council of National Defense was completed some time since and the work of listing the registration cards has been in progress for the past several weeks. Friday afternoon a number of women met at the public library and devoted several hours to this work and in the evening sixty three girls from various business houses met at the library to assist in completing the lists.

These workers were in charge of Mrs. George Imgrund, Mrs. Thomas Heaton, Mrs. M. E. Gilbert, Mrs. W. O. Baumgardner, Mrs. A. W. Becker and Mrs. William Day. The list of practical nurses and those serving in the United States is all that now remains to be typed and this work will be finished at an early date. The cards will then be turned over to Mrs. A. L. Adams as president of the local Women's Council of Defense, and will be accessible to the various chairmen.

FAC SIMILE OF GERMAN SOUVENIR

In the Journal office window is a fac simile of the souvenir issued by the German government to the German people of the sinking of the Lusitania. The date of the sinking on the souvenir is May 5 but the actual sinking occurred May 7th, two days later. However, the ship was two days late in leaving port else the sinking would have occurred on that date as the vessel would have been in that spot on May 5. The souvenir shows that Germany had planed the deed some time in advance and went about the matter methodically.

BOARD MEETING.

The monthly official board meeting of Centenary church will be held Tuesday evening at 7:30 p. m.

MR. CRABTREE GUEST OF QUINCY MEN

Attended Dinner Given By Liberty Loan Workers Saturday Night—More Than Five Hundred Men Present.

The Liberty Loan campaign in Adams county closed with a big dinner at the armory in Quincy Saturday night. Men of the city and county to the number of 550 met about the banquet board and it was indeed a joyous and patriotic occasion. E. E. Crabtree was the special guest of honor and one of the speakers on the program.

Mr. Crabtree took the opportunity to compliment the Adams county enthusiasts for their splendid work, the record showing 11,382 subscribers to the Third Liberty Loan in Adams county, the sales running to something more than $3,000,000. The dinner was unique in that the men from the city teams paid for rthe dinner and not only did that but donned white aprons and served the tables themselves, the men from the country precincts being their guests.

In his closing remarks Mr. Crabtree said, "War brings us out of our selfishness. it teacnes that we are our brother's keeper. It demands sacrifices undreamed of in peace times. Why it is estimated that the United States will need twenty-one billions of dollars to finance the war this year. In all our history including the Civil war, the nation hasn't spent twenty-six billions. But we will gladly spend it to end all wars and bring universal peace.

"Adams county is a banner county. The reports tomorrow may show that it wins the state honor flag. It is one of the three counties that is highest. It's the banner county in the Eighth district, and I am proud to be here. Many persons want to know what it costs to finance th Eighth district campaign. It cost one fifteenth of one per cent. Was ever money raised in the world before as cheaply? It is due the loyalty of you noble men that this was possible and you have proved patriots, each and every one."

Altho Mr. Crabtree had been invited by Dr. F. A. McCarty to speak in Vermont Street M. E. church Sunday, he was unable to accept as it was necessary for him to return to St. Louis.

MR. RUSSEL TO GIVE HOME MILITIA SILK FLAG

Letter from State Auditor Says Emblem Has been Purchased—Major McDougall Addressed Men at Drill.

State Auditor Andrew Russel has purchased a handsome silk flag for Co. D of the 6th regiment, the Jacksonville company of the state militia, and it will be presented to the company at an early date. At the regular drill of the company Monday night Lieut. Wesley James read a letter from Mr. Russel addressed to Lieut. Felix E. Farrell in which the writer mentioned that he had purchased a flag in Chicago and stated that it would be sent forward early in the present week. The emblem will later be formally presented to the company and it is understood that Lieut. Farrell will accept it on behalf of the organization.

When the plans were first considered of organizing the local militia company Mr. Russel manifested his interest and all thru the preliminary work he has given Capt. Vickery and associates his most hearty support. He has taken up various matters relative to the company with the adjutant generl and in a letter Saturday to Lieut. James sent the information that the adjutant general has promised to furnish the necessary rifles for the company in the course of a very short time.

Major McDougall Addressed Men.

Monday night Major C. E. McDougall was present at the drill and made a brief address. The major referred to his own regular army connection and mentioned the years he had spent in the national guard organization when he was associated with Major Vickery. He declared that the organization of the company here was a distinct benefit to the community and the mere presence of a militia company during some of the days to come may be of the highest importance. He complimented the men on what thus far has been accomplished in drill work and declared that it was his experience that necessary routine of drill and practice was always beneficial. More than fifty men were at the drill and were put thru a program of exercises nearly two hours in length.

Y. M. C. A. CAMPAIGN WILL MOVE ALONG

Committee and Workers to Keep Busy Until $8,000 Is Secured —Andrew Russel Sends Message of Cheer.

The Y. M. C. A. campaign committee last night reported a total of $4,548 toward the $8,000 fund. As already indicated, the campaign is not closed but will be continued thru the next few days or until the required sum is secured. A telegram of encouragement to the committee came yesterday from State Auditor Andrew Russel and is quoted below.

A luncheon will be held at noon today and team workers are urgently asked to be present Cards with names of additional prospects are ready for distribution and in fact some of them were distributed to team members yesterday. Allotments, however, were made for the workers who were not present at the Monday luncheon.

Mr. Russel's telegram read:

"The credit of Jacksonville is at stake and the full eight thousand dollars must be raised. Jacksonville is not a slacker and I know she will make good."

Total Subscriptions.

The total figures on subscriptions follow:

Divisions: M. F. Dunlap's division, $2,088.50; Dr. C. H Rammelkamp's division, $2,449.50; total $4,538.

By teams:

BEAUTY: Whether Blonde or Brunette

or any other type, is a matter of personal preference, but no type of beauty can be perfect without

A Clear Complexion

This can only be accomplished by the use of the best possible creams that will counteract the effects of sun, wind or rain.

The summer sun burns and darkens the skin. Summer winds dry it. Dust combined with excessive perspiration fills up the delicate pores, causing ugly blemishes.

Avoid this—give your skin a daily scientific treatment and obtain that bloom of youth so highly prized by every woman.

VIOLET DULCE COLD CREAM—A remarkably efficient skin cleanser. Fragrant with the delicate odor of fresh-cut violets, it cleanses the pores of all impurities. **Beautiful Ornamental Jar, 50c.**

HARMONY COCOA BUTTER COLD CREAM—Especially good for sunburn. A healing skin food that helps nature in bringing to your face a soft, smooth, comfortable feeling, and that will help eradicate wrinkles. **Large Jar, 5dc.**

COMBINATION CREAM JONTEEL — An all-purpose cream wth the wonderful Jonteel odor. Neither greasy nor greaseless. **Handsome Oval Jar, 50c.**

STION OF FINANCES EFORE CITY COUNCIL

ay Morning's Session Was inly a Story of Griefs From rious Departments—Many ıployes Leaving the Emyment of City.

e Monday morning session of city council was mainly a of griefs from various denents occasioned by the lack nances. From every departcame the report of trouble ıse employes are unable to their salary warrants and herefore leaving the employ- of the city. Incidentaliy missioners Widmayer and in said that some men had to them with reports that or Rodgers discouraged perfrom cashing warrants by statement that it would ably be two or three years possibly longer before the ants are paid. Mayor Rodreplied that any reports of statements by him were un- He then went on to say when anybody asked him it the warrants that his reply that the warrants are a ver- obligation on the part of the that it was likely to be 18 ths or two years before they e paid, but that an increase been given to permit the ment of interest for a three r period.

Warrants Are Valid Claim.

fe said further that there is no question in his mind about the validity of the warrants. They are issued in the regular course for labor performed they are approved by the council and certainly constitute a valid claim.

Mr. Widmayer stated that there are certain bills for supplies used by the city for which the payment must be made or the city will not be able to secure further shipments, materials that are essential particularly in the light and water departments. According to his statement nothing more has been accomplished in the matter of having an agreement among the banks to carry warrants, each bank obliging the city employes who happen to be bank customers. One bank, Mr. Widmayer reported, had an opinion from a firm of attorneys that there might be some question about the validity of the warrants and on the basis of this opinion the bank declined to take any of the warrants.

Mr. Vasconcellos reported continued trouble at the north side pumping station with pipe line and some further trouble with one of the pumps at the south side station. More pumping is being done at the south side now than at the north side, altho it is more expensive from a fuel standpoint than to operate the north station.

Men Leave Fire Department

Mr. Martin said that Pearl Iglehart, one of the drivers, had given up his position at the fire department Sunday because of inability to have his warrants cashed and that several men are likely to quit soon. The commissioner said that one trouble about these frequent changes in the fire department is the danger of injuring the motor trucks by having them handled by inexperienced men.

Mr. Cox said he had been able to hire one team and driver and that he would probably purchase one cheap team for use in the city department. Mr. Widmayer in his earlier statement suggested that somebody should be found for street work in the business district, the money to come from the garbage department, as in his opinion such work was along health and sanitation lines and would properly come under the garbage disposal account. The commissioner also mentioned the desirability of having the street lights burn longer at night if this could be accomplished in any way. He believed that some curtailment elsewhere would be desirable in order to make it possible to burn the street lights longer, thus giving this convenience and also the additional police protection. He considered this especially necessary on non-moonlight nights.

Mayor Rodgers Not Pessimistic.

Mayor Rodgers said he was not in a pessimistic frame of mind at all, that he realized the bad situation in all departments and that if the men were not satisfied to take warrants and citizens were not interested enough to carry them, that the only thing to do was to close certain departments. Before this happened, the mayor believed that some relief will come thru legislative act to permit the raising of a larger amount of taxes because there is such a general outcry all thru the state of Illinois for such an enactment. All cities seem to be practically in the same situation in this regard and Chicago is now clamboring for more revenue mainly because there are now 1,000 less saloons in operation there than was true two months ago. There has been a gradual falling off in the number of saloons and thus in the amount of saloon licenses for the past year. E. F. Johnston was present and made reference to electric fuses burning out Sunday at the Drexel, the residence of James H. Hall and the J. W. Merrigan store. He said if this happened at night time that serious fire damage would probably have resulted, and he asked that some investigation be made to establish the causes if possible.

All properly approved bills wer ordered paid when funds are available and reports of officers were received and approved. A somewhat extended report of the district association of plumbers was received and approved. Bernard Gause and Leslie Harvey, members of the department board, were nominated by Mayor Rodgers to succeed themselves and their nomination was approved. They, with J. Edgar Martin, commissioner of health and safety, compose the board. Facts from the various reports are given herewith:

Officers' Reports.

Squire Dyer's report showed fines collected $86.10, city costs $21.30, J. P. costs $37.40.

The report of Chief of Police George P. Davis showed 28 arrests, 5 on state warrants and 23 on city warrants. The amount of fines collected was $144.80. The arrests were as follows, disorderly conduct 20, assault and battery 2, drunkenness 2, vagrancy 3, assault with intent to kill 1.

Harry Summers, sexton at Diamond Grove cemetery, reported 12 graves made during the month of April. John E. Pires, sexton at Jacksonville cemetery, reported 11 graves made there.

The water collections reported by Supt. W. H. Cobb were as follows: rent $2,995.66, meters$37.-50, taps $12, meter repairs $35.-25.

R. L. Pyatt city clerk, reported as follows; collections thru his office $1,148, Jacksonville cemetery $110.

The report of Charles B. Graff, city treasurer, showed balance April 30 of $7,101.36.

Dr. A. M. King, health warden reported total of 38 deaths in the month of April of this number 15 being at Jacksonville state hospital. The ragne of ages was as follows: 1 to 5 four; 5 to 20, one 20 to 50, six; 50 to 70 eleven; over 70 fifteen. There are now 33 cases of measles: mumps 6, smallpox 9, chicken pox 4, whooping cough 6, ersipelas 1.

Bernard Gause Makes Report

The report was presented by Bernard Gause, as secretary for the department of supervisors and examiners for plumbers, maintained in accordance with the state law. This report showed collections of $1,091. The report gave the names of the following master and journeyman pulmbers who have paid fees. The report further says, "A district for the enforcement of the state law with reference to plumbers has been created in this locality and is designated 'the Jacksonville district' and comprises the counties of Morgan, Cass, Green and Scott, the board having jurisdiction under the department of registration and education."

Jacksonville—Bernard Gause, G. E. Belzer, C. C. Schureman, O. B. Cannon, George F. Brown, John N. Deatherage, E. E. Beastall, Master pulmbers; Charles L. Minter Thomas Wall, Leslie Harvey, Albert Wyatt, Carl Ewanson, Patrick Sheehan, Clarence Phelps William Baylan, Roy Hopper, journeymen.

From other cities the registrants are:

White Hall—W. W. Evans W. A. Winn, Claude A. Dawson.

OBSERVING FOOD LAWS.

That the New Pacific is conforming to Food Administration regulations is evidenced by a conspicuous sign on one of the hotel's large plate glass windows. The sign which Mr. Brennan had painted reads as follows:

"Food Will Win the War. We observe meatless, wheatless and porkless days. Member of U. S. Food Administration." A photograph of the sign will be made and forwarded to administration headquarters.

Social Events

Entertained World Wide Guild.

The Helen Rawlings Chapter of the World Wide Guild met Monday evening with Miss Lucy Duncan, 400 South East street. "Burhma" was the main topic of the evening and was disscussed under the leadership of Miss Maude Nesmith. Others taking part on the program and presenting interesting paper were Miss Carrie Spires, Elizabeth Long, Harriet Story, Marguerite Mayer and Anna Long. Following the program a social time was enjoyed.

The next meeting of the Guild will be held at the home of Miss Nesmith on East College street.

Missionary Society Met With Miss Alexander.

The Young Women's Foreign Missionary society of Centenary church met with Miss Alida Alexander of West College avenue Monday afternoon. Miss Flossie Kellogg was in charge of devotions. After the regular business session a paper was presented by Miss Lelah Reese on "African Bulu and God." Miss Clara Ranson gave a vocal number. Mrs. E. L. Pletcher told in an interesting manner of the aviation field at Rantoul. Mrs Kuntz told of work among boys. A social hour followed and refreshments were served. Miss Minnie Wyatt assisted Miss Alexander in entertaining.

Opportunity Class Met Monday Evening.

The Opportunity class of Grace church met Monday evening with Miss Allie Marsh The assistant hostesses were Mrs Arthur G. Cody and Mrs Ernest Roach. Mrs. G. E. Baxter presided The devotions were in charge of Mrs. James I. Graham. Miss Blackburn read interesting letters from a number of army cantonments. Solos were given by Miss Ida Lee, Mrs. J Edgar Martin, Mrs. Madden and Mrs. Baxter. During the evening refreshents were served.

Mr. and Mrs. J. Z. Fox Announce Wedding.

A party of twenty girls was invited to the home of Mr.and Mrs. J. Z. Fox of Chapin Saturday afternoon when the guests heard the announcement of the marriage of Lucile Fox, daughter of Mr. and Mrs. Fox to Harris R. Robertson of Petersburg, June 19, 1918. It was very cleverly announced by a blackbird pie—the blackbirds bearing the secret or this happy pair. After a floral love story the prize for which was won by Miss Amy Onken and notes of congratulations written to the groom-to-be, delicious refresments were served. The color scheme thruout was pink and white. The home was prettily decorated in blossoms and spring flowers. The guests present were: Misses Mary Taylor, of New Berlin, Elsa Foster, of Tallula; Alin Fitch, Mary Pribe, Charlotte Sieber, Marian Miller, from Jacksonville; Lethia Eiler and Eda Eckhoff, Gertrude Onken, Johanna Onken. Amy Onken, Hazel Antrobus, Addie Fox, Edith Fox and Esther Brockhouse of Chapin.

ELLIOTT STATE BANK

Savings deposits made during the first ten days of May will draw interest from the FIRST of the month.

DEATHS

Sears.

Mrs. M. A. Carlile has received word of the death of Mrs. Agnes Sears Eckard which occurred in Peoria recently. Mrs. Eckard's husband died two weeks ago. One son, Frederick survives. Mrs. Eckard was well known in this city where she formerly resided. The funeral will be held in Peoria today.

Kaehlert.

Death came to Mrs. Carl Kaehlert of near Neeleyville Monday afternoon at 3:06 o'clock at Passavant hospital.

Mrs. Kaehlert was brought to the hospital last Friday where she underwent a serious operation. She was but 24 years of age.

She is survived by the husband and other relatives. A more extended obituary notice will appear in these columns later.

A Winchester undertaker was called to Jacksonville and last evening took charge of the body.

No arrangements have been announced regarding the funeral.

Brown.

Hazel Lucretia Brown died at her home, 625 East State street Sunday morning at 11:30 o'clock. She had been ill for more than a year and had been confined to her bed since December.

Deceased was born two and a half miles northwest of Sinclair, April 22, 1898, and all her life had been spent in this city and vicinity. She graduated from Jacksonville high school in the class of 1917.

During the Billy Sunday meeting she confessed Christ and was a member of Centenary church. She is survived by her mother and the following sisters: Mrs. E. J. McDowd, Sinclair; Miss Maude and Miss Opal Brown of this city.

Funeral services will be held from the residence, 625 East State street Tuesday afternoon at 1 o'clock in charge of the Rev. W. R. Leslie, pastor of Centenary church with burial in Hebron cemetery.

REV. W. E. SPOONTS TO ENTER ARMY "Y" WORK

Local Minister Makes Application Thru District Recruiting Committee in This City—To Enlist for Period of War—Has Done Splendid Work in Community.

People generally will be very much interested in knowing that Rev. W. E. Spoonts is expecting soon to enter the army Y. M. C. A. service. Rev. Mr. Spoonts some weeks since indicated his willingness to enter this service and a representative from the Y. M. C. A. organization came to Jacksonville to talk the matter over with him. His application has gone in thru the district recruiting committee in this city and his final papers are expected at no distant date. Mr. Spoonts will engage in the executive department of the association work, a position for which his natural abtiity and his training well fit him. Mr. Spoonts has been in Jacksonville for the past seven years and his splendid work at Northminster church and in the city generally are a matter of common knowledge. His influence in the community for good has been of an increasing kind. He has chosen to continue the Jacksonville work from year to year altho there have been frequent offers to go to other church fields with salary increases.

Before coming to Jacksonville Mr. Spoonts was pastor at LeRoy and practically all his pastoral work has been in this state, as he came to Illinois after finishing his course at the Cumberland Theological seminary at Lebanon, Tenn. The early years of Mr Spoonts' life were spent in western Texas and in fact he was born in that state. He spent his boyhood days and those of his early manhood on a cattle ranch and his experiences have been somewhat unique for a minister. His knowledge of men is broad and his experiences have been such that he understands people in a way that is not given to men of lesser experience. Coupled with his experience and training is unusual native ability and a great heart. All these qualities combine to fit Mr. Spoonts for the great field into which he will soon turn his thought and attention. His enlistment in the service will not be for a limited period but for the period of the war.

THE SALAVATION ARMY.

The German military machine has developed a wholesome respect for Americans as fighters, according to Raymond Starbard, an adjutant in the war work forces of the Salvation Army, who has arrived at an "Atlantic Port" after seven months' strenuous work within range of German guns. Adjutant Starbard has returned to recruit 200 new workers to augment the forces of trained and uniformed men and women now serving the troops behind the western front firing line.

Adjutant Starbard tells of a battle fought on March 7th in this fashion:

"A certain section of the line was subjected to unusual pressure from the German forces, and in the heat of it all, one German, evidently more excited than his fellows, leaped to an exposed position and in very excellent English shouted "Come on out, you American dogs, and fight". Before he could leap back to safety, one of our boys had thrown a hand grenade which took off both his legs.

"Then ensued a fierce encounter in which the Americans accounted for 180 out of an original 200 of the raiding group. Our men later discovered that the German who leaped out to challenge the Americans and lost his life was a former New York City merchant. The officer carried a rifle which was recovered by our men and I have brought it back to America with me.

"German prisoners taken said they have all along planned to terrify the Americans, believing that they are not real soldiers and have no disposition to fight, but they now are stunned by the experience they have bought dearly.

"It is quite impossible to describe the inferno over there. Just before I left a giant shell from the German lines plunged itself down into the dirt within 40 feet of a Salvation Army hut in which was Captain Arthur Andrews and some assistants. Had the shell exploded the hut and its occupants would have been blown to atoms, but although it plowed in 12 feet, it did not go off.

"One particular contigent of German troops opposite our men is referred to as 'the butchers' by the Americans because of their wanton cruelty and brutality. German prisoners say these men are instructed to terrify the Americans, but they are really securing an opposite result. For example 'the butchers' sharpen their bayonets to the keenness of a razor and they do not impale by simply thrusting forward as of old; they aim to side-swipe and to tip up and down, often disabling or killing three men at one sweep.

"The Americans were quick to find this out, and they have not only become enthusiastic adepts at side swiping and scythe fighting but many of them are actually shaving themselves with their bayonets so keenly have they sharpened them with grindstones and upon leather.

"The line in France will bend as good strategy requires, I believe, but it will not break, and you cannot find a soldier under the flags of the allies who has the slightest doubt but that right and justice will prevail in the end, and that Germany will be defeated."

Adjutant Starbard, who has been a Salvationist for 20 years, is here only for a brief stay. The recruits he will take back are women past the age of 25 years, whose strength and spirit will permit them to undertake the strenuous work in the huts. No men of military age will be accepted.

PATRIOTIC SERVICE HELD AT EBENEZER

Illustrated Lecture Given By the Pastor, Rev. J. O. Kirkpatrick—Service Flag Presentation.

Rev. J. O. Kirkpatrick gave his illustrated lecture on the ruined churches of Europe at Ebenezer church Sunday night. The audience which gathered completely filled the church and it was the greatest interest in the pictures and in the subject matter which Rev. Mr. Kirkpatrick presented. The lecture is to be given at Centenary church next Sunday night and the Baptist church the following Sunday. The slides were secured by Rev. Mr. Kirkpatrick from Washington and give an authentic idea of the vast damage which has been done to churches and cathedrals by the German hordes.

Prior to the beginning of the lecture came a 30 minute service of song. A number of patriotic selections were given and the pastor had the opportunity of presenting a service flag in the name of the Epworth League. It is a very handsome flag, made by Mrs James H. Martin, and carries a gold star for James Cully, who met death a number of months ago as a member of Co. B. Other names are Geo[illegible]e, Henry Quigg and Thomas Z. Lawson.

It is understood that at least one other Ebenezer soldier should have his name on the flag and there are possibly others whose names will still later become known to the committee.

PATRIOTIC MEETING AT WEST LIBERTY SCHOOL

On Wednesday evening of this week there is to be a big patriotic meeting held in the West Liberty school house in Markham precinct. The speakers of the evening will be Mayor Rodgers and Orien Tandy of Jacksonville. A very enthusiastic meeting is planned and it is hoped that there will be a large attendance.

Do Not Get Careless With Your Blood Supply

Impurities Invite Disease.

You should pay particular heed to any indication that your blood supply is becoming sluggish, or that there is a lessening in its strong and vital force.

By keeking your blood purified your system more easily wards off disease that is ever present, waiting to attack wherever there is an opening. A few bottles of S. S. S., the great vegetable blood medicine, will revitalize your blood and give you new strength and a healthy, vigorous vitality. Everyone needs it just now to keep the system in perfect condition. Go to your drug store and get a bottle today, and if you need any medical advice, you can obtain it without cost by writing to Medical Director, Swift Specific Co., 25 Swift Laboratory, Atlanta, Ga.

A Fifteen Dollar CAMERA Absolutely Free!

The greatest prize offer we ever made. You can get this fine **Ansco Jr. Camera** if you guess the correct number of pills in the jar, displayed in our **Southwest Corner Square Store.** No strings attached to the offer. A free guess with each 10 cent purchase. The prize to be awarded when the contractors get our new store front finished which will be in about 3 or 4 weeks. We have some rare store bargains and it will pay you to visit our store at this time. **Business as usual. Come in.**

You'll Be Sorry

There is no worse folly nor one more certain of distressing consequence than to neglect a cold. If it leaves "a cough that hangs on," it threatens you with a most serious condition.

Foley's Honey and Tar gives the curative influence of the pine balsam, together with the mollifying effect of the honey and other healing ingredients. It stops the cough, eases the sore feeling in the chest, and raises phlegm easily. It imparts a pleasant feeling of warmth and comfort.

J. D. Enterkin, Winston, Ga., writes:—"Foley's Honey and Tar took all the soreness away and cleared my lungs of all congestion."

CUBS' WINNING STREAK BROKEN BY PITTSBURGH

Earl Hamilton, Pirate Pitcher Wins His Fifth Straight Game —Chicago's Defeat Breaks up String of Nine Victories.

Pittsburgh, May 6.—Earl Hamilton won his fifth straight game here today and his effective pitching coupled with hard hitting on the part of his teammates enabled Pittsburgh to defeat Chicago 7 to 2, thereby stopping the winning streak of the Cubs after nine consecutive victories. By virtue of the game and Philadelphia's defeat at the hands of Brooklyn, Pittsburgh went into third place in the National League. Hendrix was hit hard and timely until one man had been retired in the sixth inning, when he was relieved by Walker, after King had sent a home run into the right field bleachers.

The score:

OPENING GAME GOES TO JACKSONVILLE

Locals Take Franklin Into Camp by Score of 12 to 8—Game Featured by Fast Work in Field by Jacksonville and the hitting of Riggs.

Jacksonville Independents defeated Franklin in a hard hitting game at West Side park Sunday afternoon by a score of 12 to 8. A large crowd witnessed the game which was the first one local fans have had the opportunity of seeing for two seasons.

Franklin presented a strong lineup and several new faces were mixed with the old timers. However, they played fast ball and made the locals step all the way to get on the long end of the score.

For the locals all the old favorites except Clark were in the lineup. The infield was made up of DeFrates, Denny, Christopher and Wheeler and they worked in good shape. K. Beerup was back of the pan for Jacksonville. This player was one of the star men for Alexander last year and handles himself like a real ball player.

The locals hit the ball hard, every man getting one or more hits except DeSilva and Wheeler. Riggs poled out four safeties, one a triple. Manager Smith has a good team in all departments and fans may rest assured of some good ball games during the summer. The score:

Franklin	AB.	R.	H.	O.	A.	E.

IMPRESSIVE SERVICES.

Impressive services were held at the Christian church at Literberry Sunday. Sunday school was held at 9:30 followed by a sermon by Reverend C. E. Keltner, of Eureka, Illinois. After the sermon the drive for the Men and Millions Movement was started and in less than a half hour four hundred dollars was raised. This is one hundred dollars over the Church apportionment. Christian Endeavor was held at 6:30, a special program was rendered in honor of the Endeavor's efforts in going over the top in the sale of Liberty Bonds. Rev. Keltner ended a profitable day by preaching a profitable sermon and we are glad that he is going to move his family here in the near future and be with us. Mothers Day will be observed Sunday May 12th.

MISSIONARY MEETING

The Woman's Missionary Society of Congregational church will meet at the church this afternoon at 3 o'clock. A returned missionary from China will speak.

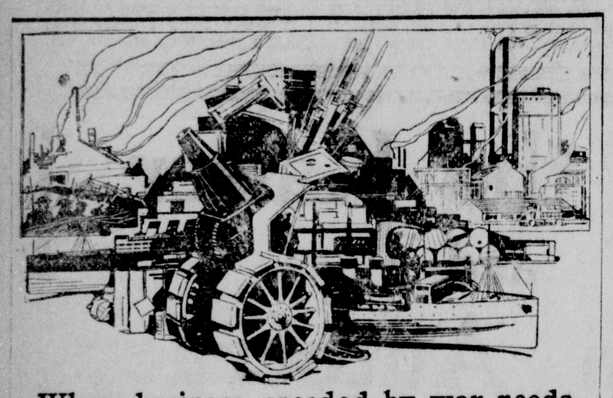

HEAND'S Fluff THE PERFECT SHAMPOO

A dainty shampoo made of pure vegetable oils that nourish the hair glands and helps overcome the dryness that usually follows a shampoo. Heand's Fluff is exhilarating and invigorating. Assists nature in overcoming dandruff and all unnatural hair and scalp conditions. "Treats as it cleans." Sanitary, refreshing and economical.

Try It—You Will Never Use Anything Else.

New ARROW COLLARS FOR SPRING

CASCO-2 3/8 in. CLYDE-2 1/8 in

Both Ends
(Producer and Consumer)
Against
The Middle
(The Packer)

The consumer wants to pay a low price for meat.

The farmer wants to get a high price for cattle.

The packer stands between these conflicting demands, and finds it impossible to completely satisfy both.

The packer has no control over the prices of live stock or meat, and the most that can be expected of him is that he keep the difference between the two as low as possible. He does this successfully by converting animals into meat and distributing the meat at a minimum of expense, and at a profit too small to be noticeable in the farmer's returns for live stock or in the meat bill of the consumer.

Swift & Company's 1917 transactions in Cattle were as follows:

	Average Per Head
Sold meat to Retailer for	$68.97
Sold By-products for	24.09
Total Receipts	$93.06
Paid to Cattle Raiser	84.45
Balance (not paid to Cattle Raiser) Paid for labor and expenses at Packing House, Freight on Meat, and Cost of operating Branch distributing houses	$ 8.61 / 7.32
Remaining in Packers' hands as returns on investment	$ 1.29

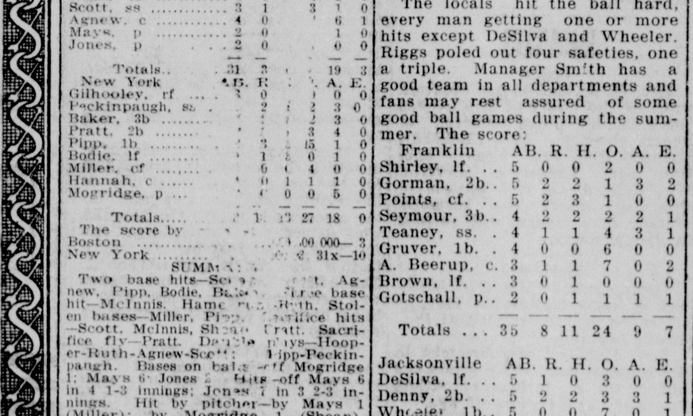

The net profit was $1.29 per head, or about one-fourth of a cent per pound of beef.

By what other method can the difference between cattle prices and beef prices be made smaller, and how can the conflicting demands of producer and consumer be better satisfied?

1918 Year Book of interesting and instructive facts sent on request. Address Swift & Company, Union Stock Yards, Chicago, Illinois

For Itching Torture

There is one remedy that seldom fails to stop itching torture and relieve skin irritation and that makes the skin soft, clear and healthy.

Any druggist can supply you with zemo, which generally overcomes all skin diseases. Acne, eczema, itch, pimples, rashes, blackheads in most cases give way to zemo. Frequently, minor blemishes disappear overnight. Itching usually stops instantly. Zemo is a safe antiseptic liquid, clean, easy to use and dependable. It costs only 35c; an extra large bottle, $1.00. It will not stain, is not greasy or sticky and is positively safe for tender, sensitive skins.

The E. W. Rose Co., Cleveland, O.

Certain-teed
Roofing

The roof that copes with all conditions.

Sparks, smoke, gases, acids or fumes have no effect on a *Certain-teed* roof. Rust cannot corrode *Certain-teed*. The heat of the sun cannot cause it to melt or run. *Certain-teed* has the ability to resist every form of roofing attack, and the durability to give year after year of weather proof service, with little or no maintenance cost. *Certain-teed* offers every practical roofing advantage with a minimum roofing investment.

In every town, city and section you will find *Certain-teed*. Everywhere *Certain-teed* is chosen for buildings of all types and sizes,

for factories, round houses, elevators, garages, warehouses, hotels, farm buildings, stores, outbuildings, etc.

In artistic red or green shingles, *Certain-teed* is very popular for residences.

Guaranteed 5, 10 or 15 years, according to thickness.

Certain-teed costs less than any other type of roof—first cost and laying cost low, and maintenance practically nothing. *Certain-teed* is *more economical* than ordinary roll roofing, because it *costs no more to lay* and lasts much longer.

Thin until relieved by Nujol

Constipation kept Mr. Frank Smith thin until Nujol gave him relief which was followed by a surprising gain in weight. His letter follows:

In bottles only bearing Nujol trade-mark, never in bulk. Write for free booklet.

NUJOL LABORATORIES
STANDARD OIL CO. (New Jersey),
BAYONNE, N. J.

Dear Sirs:—

I can say that Nujol did a lot for me. I was always constipated and had to take pills continually. I was very thin.

After taking one bottle of Nujol I was well of constipation and gained more flesh than I ever had before in my life.

Heidelberg, Ky., Yours truly,
Jan. 19, 1917. Frank Smith.

Regular as  *Clockwork*

PROFIT by Mr. Smith's desirable experience! Start taking Nujol today! Be one of the healthy thousands who no longer suffer from constipation. Don't run the risk of serious loss of health through failure to regulate your bowels by the use of Nujol.

Both chronic and occasional constipation yield readily to the natural, effective action of Nujol. It relieves gently and surely without upsetting digestion; without griping; and with no reaction whatsoever. Nujol is pure; positively drug-free; pleasant to take. It is the safe remedy for all. Infants, invalids, old folks take it with excellent results. Be "regular as clockwork"—use Nujol.

ABSOLUTELY HARMLESS

There are no substitutes —there is *only* Nujol

At every drug store. Send 50c and we will ship new kit size to soldiers or sailors anywhere

Nujol for constipation

DURBIN

The Patriotic meeting and pie sale held at Durbin Tuesday night was a success. More than $5,000 worth of War Savings Stamps were sold and the Defense League netted $55.00 from the sale of pie. So far Durbin is said to be at the top of the list of rural school districts in the sale of stamps.

Sylvanus Scott has exchanged his Lexington car for a Chandler 6.

The W. F. M. S. held a successful thank offering Wednesday at the home of Mrs. J. W. Scott, Miss Morgan missionary to India, made an excellent address.

Durbin school closed Friday with a splendid basket dinner.

Mrs. Phoebe Mortimer of Los Angeles, Cal., is visiting relatives here.

I hereby announce myself as a candidate for nomination for congressman from this district, subject to the decision at the Democratic primary election, September 11.

Henry T. Rainey.

LEMON JUICE FOR FRECKLES

Girls! Make beauty lotion at home for a few cents. Try it!

Squeeze the juice of two lemons into a bottle containing three ounces of orchard white, shake well, and you have a quarter pint of the best freckle and tan lotion, and complexion beautifier, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of orchard white for a few cents. Massage this sweetly fragrant lotion into the face, neck arms and hands each day and see how freckles and blemishes disappear and how clear, soft and white the skin becomes. Yes! it is harmless.

Stop Corn Agony In Four Seconds

Use "Gets-It"—See Corns Peel Off!

The relief that "Gets-It" gives from corn-pains—the way it makes corns and calluses peel off painlessly in one piece—is one of the wonders of the world. The woman in

the home, the shopper, the dancer, the foot traveler, the man in the office, the clerk in the store, the worker in the shop, have today, in this great discovery, "Gets-It," the one sure, quick relief from all corn and callus pains—the one sure, painless remover that makes corns come off as easily as you would peel a banana. It takes 2 seconds to apply "Gets-It"; it dries at once. Then walk with painless joy, even with tight shoes. You know your corn will loosen from your toe—peel it off with your fingers. Try it, corn sufferers, and you'll smile!

"Gets-It," the guaranteed, money-back corn-remover, the only sure way, costs but a trifle at any drug store M'f'd by E. Lawrence & Co., Chicago, Ill

For sale by and recommended as the world's best corn remedy by Armstrong's Drug Stores, J. A. Obermeyer & Son, and Luly-Davis Drug Company.—Adv.

PEACE GOSSIP UNSETTLES CORN

CHICAGO, May 6.—On ideal weather and peace gossip corn today closed unsettled at ⅞¢ net decline to ⅛¢ advance with May $1.27⅜ and July $1.47¾ to $1.47⅞. Oats finished 1⅛ to 2⅛¢ down and provisions off 15@75¢.

Until the last hour, pronounced weakness formed the rule in corn but toward the end of the session authoritative denials of peace reports were current, and the market rallied.

The recovery was apparently due also in some degree to assertions for the much planting had been put off as a result of fears that the germinating quality of seed was doubtful.

Oats showed less rallying power than corn on the prospect that the government crop report on Wednesday would be bearish.

In the provision market the weakness of the grains more than offset the influence of higher quotations on hogs.

ZION

Mrs. Fawnie Rousey and daughter Irene of Beardstown spent from Saturday until Monday with Mr. and Mrs. Charles Rousey and family.

Mrs. Nettie Durham and Mrs. Katie Ash were Jacksonville visitors Saturday.

Miss Loretto Maloney of Jacksonville is spending a few days with home folks.

Miss Martha Seymour and Robert Seymour of Franklin spent Sunday with Miss Helen Rousey.

Mr. and Mrs. Frank Short and children spent Sunday with Mr. and Mrs. Ernest Long.

Miss Mabel Bolton has been suffering from a very sore finger the past week.

Mrs. Susie Lonergan ad sons spent last week with her father, John McCabe and family west of Murrayville.

Miss Helen Rousey returned home Saturday after a week's visit with her brother's wife of Beardstown.

Those who called on Mr. and Mrs. Ernest Long Sunday afternoon were Miss Cecil Day and brother Russell, Miss Covey and Mr. and Mrs. W. E. Hart.

The Decoration Committee met last Friday evening at Zion church to arrange for Decoration services. The next meeting will be Monday evening, May 13th.

The work on Edward Lonergan's new dwelling is progressing nicely.

We learn that Miss Lucy Lawless of Scott county has been reemployed to teach East Greasy school the following term.

Mrs. John Maloney is at a sanitarium in Jacksonville for treatment for a sore eye.

Lafe Lamb and Mellie Douglas spent Sunday with Charles Rousey and family.

Herbert Riggs and family and Mrs. Edith Irving and daughter spent Sunday with Mrs. Irving's sister at Greenfield.

Mr. and Mrs. C. E. Hart spent Saturday with their son, W. E. Hart and wife.

Mr. and Mrs. Herbert Riggs and children and Mrs. Irving and daughter were Jacksonville visitors Thursday.

Mr. and Mrs. W. E. Hart were Winchester callers Thursday.

Mr. and Mrs. Ralph Spencer of the south side are the parents of a baby boy, born last week.

Mr. and Mrs. W. E. Hart spent one evening last week with Mr. and Mrs. Ray McGarvy of Ceres.

Mrs. Charles Thompson and Miss Alice Matthews were Jacksonville callers Thursday.

The Watkins medicine man passed thru here last week.

Charles Thompson is sick with the measles at this writing.

Mr. and Mrs. Terry Rousey and son of Murrayville spent Saturday night and Sunday with J. J. Covington and family.

George Bolton and family of Franklin called on George Durham Saturday.

MELT 30,000,000 SILVER DOLLARS

Washington, May 6.—About 30,000,000 silver dollars have been melted into bullion or mutilated by the government under the new silver act, the treasury reported today. Negotiations are under way with the British government and other allies for export of the metal to be used in coinage.

STOCK LEADERS SCORE NEW HIGH RECORDS

NEW YORK, May 6.—The gratifying success of the Liberty Loan which automatically releases liquid capital from many of its recent restraints, and the more hopeful war bulletins gave the decided impetus to today's stock market, several leaders scoring new high records for the year.

Foremost among these was U. S. Steel, which made an extreme advance of 2½ points to par or 100, exceeding its previous maximum of the year by 1½ points. Steel was confidently absorbed single stocks being sold.

Affiliated industrials and equipments especially Bethlehem, Crucible and Lackakwanna Steels, Republic Iron and Great Northern Ore, retained the betetr part of the 1 to 2½ point gains with General Electric, New York Airbrake and American Car.

Rails lagged conspicuously in the first half the session but became active and stronger later under guidance of trans-continentals, grangers, Reading and secondary coalers. In general, the best quotations were registered at the close. Sames amounted to 525,000 shares.

Bonds, including the liberty group, were firm. Total sales (par value) $3,350,000.

WOMEN SUFFERERS MAY NEED SWAMP-ROOT

Thousands upon thousands of women have kidney and bladder trouble and never suspect it.

Women's complaints often prove to be nothing else but kidney trouble, or the result of kidney or bladder disease.

If the kidneys are not in a healthy condition, they may cause the other organs to become diseased.

Pain in the back, headache, loss of ambition, nervousness, are often times symptoms of kidney trouble.

Don't delay starting treatment. Dr. Kilmer's Swamp-Root, a physician's prescription, obtained at any drug store, may be just the remedy needed to overcome such conditions.

Get a medium or large size bottle immediately from any drug store.

However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention the Jacksonville Daily Journal.

JACKSONVILLE MAN HAS THANKSGIVING EVERY DAY

"Two years ago, after suffering many years with stomach trouble, I took a course of Mayr's Wonderful Remedy and haven't been sick a day since. I can eat anything I want and have no pain at all. Three doctors had advised operation, but your remedy has cured me." Every day is thanksgiving for me." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Coover & Shreve, East Side Drug Store.—adv

FAMOUS DRILL TEAM TO ENTER BIG PARAGE

D. O. K. K. Team Will Take Part in Processional Memorial Day —Action Taken at Meeting Held Monday Evening.

At a meeting held by the Dokays Monday evening it was definitely decided to have the famous Arab Drill team take part in the parade Memorial day. Captain McCarty was present and made an enthusiastic talk, resulting in an unanimous vote to whip the team into shape and take a part in the line-up May 30th.

During recent months a number of vacancies have been made in the ranks of the drill team thru war enlistments. New men will fill these places however, and it is the intention of Captain McCarty to begin drilling next Monday night and get these members of the team acquainted with the various formations and drill.

The Jacksonville Dokay Drill team has of recent years, under the efficient captaincy of McCarty, made a most notable record in drill contests and acquired nationwide note. In 1913 the team went to Minneapolis to engage in the drill contest held there. Two years later the men engaged in a similiar contest at Asbury Park, New York, and won second honors, being pitted against crack drill squads from many large cities of the United States. In 1916 they won state honors at the grand lodge meeting held at Decatur. Since winning the championship at Decatur, as stated above, the demand for men in the army and navy has brought about many vacancies which will now be filled and the team reorganized.

The team which will represent the D. O. K. K. in the Memorial Day parade, it is safe to say, will live up to the traditions of the famous drill squads of the past, and the work of these men will form a feature of the parade.

The most satisfactory way to keep ladies' furs through the summer is to have them placed in cold storage. FRANK BYRNS has made arrangements with one of Detroit's leading furriers to insure and store ladies' furs.

MISS TICKNOR BRIDE OF NEBRASKA MAN

Is Married Monday Afternoon to Walter Bozarth of Deshler., Nebraska—Will Reside on Farm Near Dashler, Neb.

In a pretty home wedding, which was solemnized at the home of Mr. and Mrs. C W Cully, 734 East State street at 4 o'clock Monday afternoon, Miss Edith Ticknor became the bride of Mr. Walter Bozarth of Deshler, Neb.

The ceremony was said by the Rev. G. T Wetzel and was witnessed by relatives and friends of the contracting parties. Following the ceremony the couple received the hearty congratulations of the guests and dainty refreshments were served.

The Cully home was tastefully decorated for the occasion, the color scheme being pink and white with a profusion of cut flowers and potted plants and the national colors.

The bride is the daughter of L. L. Ticknor but has made her home with Mr. and Mrs. Cully for many years She attended the public schools and later took a course at Brown's Business college. She also attended Macomb Normal school and has for a number of years been one of the county's most successful teachers. She is a young woman of much personal charm and has a large circle of friends who will unite in wishing her many years of happy wedded life.

The groom is the son of Mr. and Mrs. W. L. Bozarth of Hebron, Neb. He is a graduate of the University of Nebraska in civil engineering. He is a young man of much promise and already has become successful in his chosen calling.

The couple were the recipients of many handsome and useful presents. After an extended wedding trip they will be at home on a farm near Deshler, Neb.

SERVICE FLAG WAS DEDICATED SUNDAY

Impressive Ceremony at Central Christian Church—Flag Contains 42 Stars—Dedicatory Address By Rev. M. L. Pontius.

A service flag, containing the names of 42 young men, was dedicated last evening at the Central Christian church. As the names of the soldiers were called four members of the Senior C. E. Society, Misses Adelaide McCarty, Melba Anderson, Lila Roberts and Edith Carlson, carried roses to the families present that represented the boys whose names appear on the Honor Roll of the church.

Mr. Pontius delivered the dedicatory address and offered the prayer dedicating the service flag that had been presented to the church by the Pastoral Helpers.

He said "This service flag is a significant symbol. Each star is a symbol of the character, heroism and loyalty of one of our boys. These boys have gone to army camp and battlefield at the call of their country. They are ready to make if necessary the supreme sacrifice. They represent the best of the church and community. We have one of the finest armies the world has ever seen. We are reminded of the fact that often the world moves onward not by a survival of the fittest but by a sacrifice of the best.

Sometime in the near future, we know not when, a piece of gold cloth will be placed over the blue star indicating that the boy has died in the defense of liberty and democracy. We are unworthy citizens if we do not give and serve and sacrifice that the boys who fight for our freedom from autocracy and militarism may have all the protection a nation can possibly give.

France is bled white; England's man power is practically exhausted; an officer in the English army told me that their boys do not care for furloughs now, not because they have lost interest in home, but because there is so little to eat in England. In comparison we have not yet learned the meaning of the first letter in the word service or sacrifice. Is it right to expect our boys to fight and suffer and die unless we manifest an abiding interest in them? If Liberty is to be repurchased by their efforts we must be genuinely patriotic and patriotism is another word for service. Democracy is applied Christianity. Democracy is struggling for world supremacy. Our boys will fight and die if necessary, providing we keep the home fires burning until the day of peace and victory dawns.

"WANTED" AT ONCE
Two or three first class mechanics.
C. N. PRIEST,
The Ford Man.

BUYS FINE MOTOR HEARSE.

Roy Plattner, an undertaker of Pittsfield, was a motor visitor in Jacksonville Monday. Mr. Plattner accompanied by a Pittsfield auto mechanic, Kirby Lewis, was driving his new motor hearse home from an Ohio point. Over 360 miles was covered by hearse from ten o'clock Sunday morning to Monday evening at six o'clock. Mr. Plattner pushed right on thru the mud last night, saying that the most of the muddy hills were taken on high gear with ease by the big hearse. The car is a Meteor with a six clyinder Continental motor.

ELLIOTT STATE BANK
Savings deposits made during the first ten days of May will draw interest from the FIRST of the month.

MILLIKIN STUDENTS HERE

Miss Mary Dunlap and Prof. McDermott of the faculty of Millikin University, Decatur, accompanied 17 young women students here Monday for an inspection of J. Capps and Sons factory. The young women also visited Illinois Woman's college and the school for the Blind and Deaf and found much of interest.

Have your car washed today. Special service at Cherry's Livery.

R. C. SHIBE COMMISSIONED AT OFFICERS' CAMP

Winchester Young Man Wins a Second Lieutenancy—Women to Meet and Consider Council of Defense Plans.

Winchester, May 6.—Mr. and Mrs. Ben Heironymous returned to their home in Beardstown Monday afternoon after a short visit with relatives here.

Dr. C. R. Thomas and family of Roodhouse motored to Winchester Sunday.

Dr. J. W. Eckman was a professional visitor in Jacksonville Monday.

James Dugan of Beardstown is visiting his parents, Mr. and Mrs. Peter Dugan.

Mr. and Mrs. Henry Roodhouse and Miss Mildred Winn of White Hall visited Sunday at the home of Mr. and Mrs. Warren North west of the city.

Rev. Marion Humphrey of Springfield filled the pulpit at the Presbyterian church here Sunday morning and evening. The church has been closed the most of the winter months.

Word was received here today that Ray C. Shibe of this place has been commissioned a second lieutenant of infantry as the result of his work at the third officers' training camp held at Camp Jackson, South Carolina. Lieut. Shibe is at present at home on a twenty day furlough.

Mrs. William Kincaid, daughter Miss Dean, Mrs. May and Mrs. Thomas Kirkman were Jacksonville visitors Monday. Mrs. Kirkman remaining for a longer visit with friends.

The ladies of the city are called to meet at the rest room in the court house Tuesday afternoon at 2 o'clock to receive definite and correct information relative to their personal relation toward the woman's council of national defense.

PUBLIC SALE
Good cows and big type Poland China brood sows, 5 miles west of city, 2 p. m. today at the Thos. Denby place. Denby Killam, agent.

EXCESSIVE VOLTAGE CAUSES DAMAGE

Excessive voltage on the wires of the Jacksonville Light company caused one fire Sunday and damage in a number of other places by the burning out of light bulbs.

At 12:30 o'clock Sunday afternoon fire started in the office of G. V. Skinner's blacksmith shop at the corner of North Sandy and West North streets, opposite the city hall. The fire started around the light meter and it was the opinion of Chief Hunt that excessive voltage caused the blaze. The damage probably is about $25.

Two reports of excessive voltage burning out lamps came from the confectionery establishment of J. W. Merrigan in West State street. The first was at 8:30 o'clock Sunday morning and the second was 8:50 o'clock. At the residence of James H. Hall, 336 West College avenue it was reported that all the lamps that were lighted were burned out and damage was done to wiring and chandeliers. Linemen for the company could find no trouble with the transformers and just the cause of the excess voltage was not determined. Mr. Gray said last night that the extent of the damage indicated a voltage of 220.

For Sale—For a successful war garden ask for Correa's reliable vegetable plants at all leading grocers, or 340 Pine St., Ill. phone 702.

HAROLD BRENNAN WRITES OF FRANCE

John J. Brennan of South West street has received a letter from his son J. Harold Brennan who recently went to France in the aviation section of the army.

Young Brennan writes interestingly of the French people and their customs. He says they are very courteous to Americans and in every way are a marvelous people.

The writer also comments on the ancient buildings to be seen and the daily life of the French. He says that in the matter of agriculture they are years behind the times, but that the soil is poor and it is difficult to raise good crops.

The young man shows that he is a close observer and his letter is a most entertaining one. He is very optimistic about the outcome of the war and refers to the time when he will be coming back. That he also understands what will get thru is shown by the fact that in his letter which covers several pages, not a single word was eliminated by the censor.

ISAAC MOXON BUYS NEW NASH SEDAN

Still others are willing to wait for the Nash. Yesterday Isaac Moxon placed his order with the JACOBS MOTOR CAR CO. for early delivery of a Nash Sedan. Several prospective Sedan buyers will wait until they see this one.

HAMBURGERS WELL DONE

Samuel Coultas who operates a hamburger stand on the old city feed lot on South Sandy street cooked some hamburgers well done about 2:30 o'clock Monday afternoon. The burner on the gasoline stove went out and considerable fluid leaked out. Mr. Coultas did not notice it and when he applied a match he started a good sized conflagration. He ran out in the street and shouted fire so loud that it was heard at the fire station. When the truck arrived, however, the blaze had been extinguished and the only damage was a pan of well cooked hamburgers.

"WANTED" AT ONCE
Two or three first class mechanics.
C. N. PRIEST,
The Ford Man.

AMUSEMENT PLACES REQUIRED TO REGISTER

Persons, Corporations or Associatians Required to Collect Tax on Admission to Amusements Must File Application for Registry With Collector of Internal Revenue.

Registration to all places of amusement, admission to which is subject to the war tax, is required under the rules and regulations adopted by the Bureau of Internal Revenue with the approval of the Secretary of the Treasury.

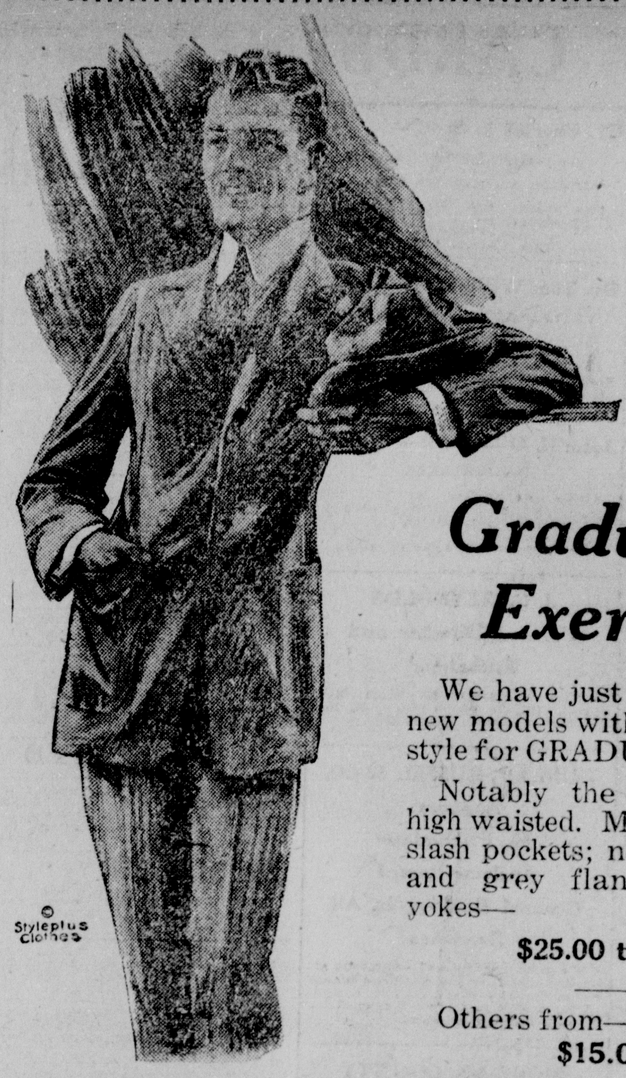

Every person, corporation, partnership, or association, including ticket brokers, required to collect the tax on admissions, must, not later than May 15, 1918 (and not engaged in business on that date within ten days after engaging in business), and annually thereafter on July 1, file in the office of the Collector of Internal Revenue of the district in which the place of business is located, an application for registry, setting forth the full name or such person or persons, the address of each with street, city and state, the nature of the business, and the name of the theater, hall, park, or place where the performances are held, their location and capacity, together with the following information, for the period of twelve months prior to such registration: Total receipts from such business; number of performances given by the proprietor; number given by others, and the prices of admission charged.

The lessors of halls, theaters, etc, must furnish Collector of Internal Revenue J. L. Pickering at Springfield, with the names of the lesses, together with other information, thru filing a special form prescribed for the purpose, if tax is collected by the lessee. In this case the lessee must register with the Collector. If the lessor assumes the responsibility of the collection of the tax, he must register with the Collector.

Traveling or itinerant shows or amusement enterprises having fixed or established headquarters are required to file with the Collector of Internal Revenue of the district in which such headquarters are located, a schedule of the itinerary for the year or season during which they operate, and are required to keep a daily record and render monthly returns to the Collector.

Persons liable to register as set forth above, who fail to receive the required form on which to register, should apply at once to the Collector for the necessary blank.

Walter Weber of Meredosia was added to the list of city callers yesterday.
